

# Corporate Gifting Guide

2021

# About Corporate Orders

To give the whole world access to better travel standards, we maintain the **direct-to-consumer approach** and offer premium products at an unprecedented price, all while maintaining the same top-quality materials as other top-of-the-line luggage brands.

We've redefined the way you travel—now it's time to redefine the way you gift. From client gifts to employee recognition, think of Away as a more meaningful way to give a gift that'll stay with them—for life. Our Corporate Gifting team will help you process any order over 25 units and help you along every step of the way.

We offer free shipping via UPS Ground (1-7 business days) anywhere in the contiguous US, Canada, and to most of Europe, and we have expedited options available for an additional fee. We work with you to accommodate your needs, and can ship directly to individual recipients.

# Personalization Overview

Your recipients will have their suitcase for life—make it unmistakably theirs with our personalization offerings. Please note that personalized items cannot be returned or exchanged, but our suitcases will still be covered by a limited lifetime warranty.

Please note that timelines may vary based on order size and/or seasonality. Once we learn more about what you're interested in, we can provide confirmed delivery timing.
