

NEW STUDENTS: JUMP START LESSON PACKAGE

New students should plan to begin their flute lesson journey with the **Jump Start Package**.

Six lessons will be scheduled to give us an opportunity to meet one another and introduce you to what flute lessons are all about at the Parasky Flute Studios.

Lesson Options

Mr. Parasky: 30-minute Lessons

- \$40/lesson~\$240 is the total tuition due
- 1 payment of \$220 (\$20 off) due at first lesson
- 2 payments of \$120 due at lesson Number 1 and 3

Mr. Parasky: 60-minute Lessons

- \$75/lesson~\$450 is the total tuition due
- 1 payment of \$410 (\$36 off) due at first lesson
- 2 payments of \$225 due at lesson Number 1 and 3

Additional lesson lengths are available (45 and 90 minutes) but new students should start with either 30- or 60-minute lessons. If Mr. Parasky's schedule is full & his waitlist is active, then new students can start instruction with one of the assistant teachers until he has an opening.

What to Expect

First Lesson

- We'll get to know each other, and I'll hear you play anything you want so that I can assess your current level.
- I'll find out what your goals are, what you love to play, and where you would like to see yourself at the end of the 6-week jump start package.
- I'll send you home with materials to prepare for the second flute lesson, including practicing tips and a list of books that you will need to purchase.

Second Lesson

- We'll review how things went for the first week and get you started in your new books.
- I'll introduce a warm-up routine for tone work and scales.
- We'll discuss exactly how to work in your new books.

Third Lesson

- This will run like a normal flute lesson. You will present everything you prepared, get feedback, and learn what to prepare for the next lesson.

Fourth Lesson

- We'll introduce a flute solo for you to work on in addition to your warm-ups and lesson books. This is where we will introduce a long-term project.

Fifth Lesson

- This lesson is like the third lesson – it will run like a normal flute lesson but will incorporate additional time on your new flute solo.

Sixth Lesson

- Things will wrap up at the final lesson of the jump start package. You will present your flute solo in a mini-performance, and we will discuss continuing with lessons as a regular full-time student and what the enrollment options are.
