

## S&P GLOBAL INCLUDES SMU IN ITS SUSTAINABILITY YEARBOOK 2025

**Santiago, February 12, 2025.**- SMU S.A. (“SMU” or the “Company”) (Santiago Stock Exchange: SMU) has been included for the first time in the S&P Global Sustainability Yearbook 2025, which distinguishes companies within their industries that have demonstrated strengths in corporate sustainability, as reflected in their S&P Corporate Sustainability Assessment (CSA) score.

In the Food and Staples Retailing industry, 128 companies were evaluated globally, with only 10—SMU being the only Chilean company—qualifying for this recognition. Across all industries, only 780 out of 7,690 companies analyzed made it into the yearbook.

In its latest assessment, SMU scored 68/100 in the CSA, which annually evaluates corporate sustainability practices across different industries, measuring social, economic, and environmental criteria. Within the Food and Staples Retailing industry, SMU ranked first in Chile, second in Latin America, and eighth worldwide, placing it among the top 3% globally.

“We are proud of this achievement. SMU was the only Chilean company in our industry to be included in the 2025 Yearbook, reflecting not only our ongoing commitment to strengthen our sustainability performance, but also the dedication and hard work of everyone in our company,” said Paula Coronel, SMU’s chief people and sustainability officer.

This milestone follows another key achievement from last year: SMU’s inclusion in the Dow Jones Sustainability Indices (DJSI) Chile and MILA, which were also based on the results of the 2024 CSA.

### About SMU

SMU is a leading food retailer in Chile, satisfying the needs of its B2C and B2B customers with multiple formats (*Unimarc, Alvi, Mayorista 10* and *Super10*) and broad geographic coverage, with operations in all 16 regions of the country. SMU also has a growing presence in Peru, through the brands *Mayorsa* and *Maxiahorro*.

### Caution Regarding Forward-Looking Statements

This press release may contain forward-looking statements. We have based any such forward-looking statements largely on our current beliefs, expectations and projections about future events and financial trends affecting our business. Although management considers these projections to be reasonable based on information currently available to it, many important factors could cause our actual results to differ substantially from those anticipated in our forward-looking statements. The words “believe,” “may,” “will,” “aim,” “estimate,” “continue,” “anticipate,” “intend,” “expect,” “forecast” and similar words are intended to identify forward-looking statements. Forward-looking statements include information concerning our possible or assumed future results of operations, business strategies, financing plans, competitive position, industry environment, potential growth opportunities and the effects of future regulation and competition. By their very nature, forward-looking statements involve inherent risks and uncertainties, both general and specific, and risks that predictions, forecasts, projections and other forward-looking statements will not be achieved. In light of the risks and uncertainties described above, the forward-looking events and circumstances discussed in this press release might not occur and are not guarantees of future performance. Therefore, we caution readers not to place undue reliance on these statements. Forward-looking statements speak only as of the date they were made, and we undertake no obligation to update or revise any forward-looking statements included in this press release because of new information, future events or other factors.
