

Visiting the sexual health clinic

This leaflet accompanies the book *Loving Each Other Safely*. The pictures may be photocopied and used as needed.

1. Ed and Lauren go to visit the sexual health clinic for a check-up.
2. They see the person holding the clinic. They tell him that they are having sex together and they want to have a check-up.
3. Ed gives a urine sample for a test to check if he has any infections.
4. Lauren gives a sample for a test to see if she has any infections.
5. Some time later, Ed and Lauren get the results from their tests. Ed gets a letter in the mail.
6. Lauren also gets her results by letter. People often get the results on their phones.
