

LillyDirect[®] Prescribing Guide

zepbound[®]
(tirzepatide) injection

A Lilly Medicine

Simple Steps for Zepbound[®] (tirzepatide) Prescribers

Please see [Full Prescribing Information](#), including [Boxed Warnings](#) and [Medication Guide](#).

Choose Zepbound Vial or Zepbound Pen

Please note that NDC numbers vary based on device and dosage option. Please find numbers below.

Send the prescription to the appropriate pharmacy

Please note that pharmacy varies based on device option. Electronic Prescribing (eRX) is the preferred way to send prescriptions. Fax can be used as an additional option.

Confirm you have the correct patient contact information

A mobile phone number is required to process the prescription and ensure that the patient can complete their order.

Exclusively available through *Lilly Direct*[®]

Zepbound Vial

Listed in the EHR system as:

Zepbound Subcutaneous Solutions or ZEPBOUND VIAL

Search by NDC:

2.5 mg: 0002-0152-04	10 mg: 0002-1340-04
5 mg: 0002-0243-04	12.5 mg: 0002-1423-04
7.5 mg: 0002-1214-04	15 mg: 0002-2002-04

If vials aren't available in your EHR, select Zepbound autoinjector/pen and note: "Dispense vials. Vial NDC not available in EHR." in the Sig/Notes.

Make sure to add strength, dose, route, and frequency. "Use as directed" is not accepted. Encourage use of "Inject one vial weekly." The vial is distributed in a one-month supply, defined as 28 days and 4 vials.

Next Steps

We've partnered with Gifthealth[®] to provide pharmacy services. Your patient will receive a text to confirm their prescription and next steps. They must certify the Zepbound vial is for an FDA-approved use. Injection supplies will be available at checkout for a small fee.

You do not need to write a prescription for needles.
