

# Etegra and Black & Veatch Mentor Protégé Joint Venture

Black & Veatch and Etegra are in an approved U.S. Small Business Administration's Mentor Protege Joint Venture (JV) Team. Black & Veatch and Etegra both have key capabilities to complement each other in the federal market. The JV team was formed to provide Architect-Engineer (A-E) Services to support Federal Government agencies. The Mentor Protege has recently been selected to fulfill the SB General A-E Design Services IDIQ for USACE Omaha District.

## Stronger Together

Our team has a strong working history and past performance together. Etegra worked on the Black & Veatch | Gensler team for the Next NGA West Facility and Black & Veatch is on Etegra's Prime AE IDIQ for USACE Tulsa District and Scott AFB. Etegra is a DBE/MBE A-E firm. Primary services are vertical and horizontal facilities and civil design, planning, and asset management for the Department of Defense, General Services Administration, Department of Homeland Security, and USFWS. Black & Veatch has served on U.S. government missions at every stage, from preliminary studies and planning to complete program management. Black & Veatch has been a trusted partner of the U.S. Army Corps of Engineers for more than 75 years. In the past decade alone, Black & Veatch has delivered projects successfully for 30 USACE Districts across the U.S. and around the world.
