The ingredient and allergen information contained in this document has been compiled by Buffalo Wild Wings, Inc. ("BWW") from information provided by our approved manufacturers and suppliers. BWW does not independently verify the accuracy or completeness of this information and makes no warranties, express or implied, regarding such information. While we strive to keep this information accurate and up to date, ingredient formulations, suppliers, and preparation methods may be subject to change at any time without notice, and regional or supplier variations may occur.

Because our kitchens use shared fryers, grills, cooking equipment, and preparation areas, cross-contact with allergens and other food substances is possible. For this reason, we cannot guarantee that any menu item is completely free of allergens, gluten, or animal-derived ingredients, nor can any item be certified as vegetarian, vegan, or gluten-free. Beef tallow is used for frying. Unless otherwise specified, soybean oil refers to highly refined soybean oil, which the FDA and USDA do not classify as a major allergen.

This document reflects current core menu items and their ingredient statements only. It does not include test products, limited-time offerings, or regional menu items. BWW disclaims liability for adverse reactions related to reliance on this information.
