STARTING YOUR SIDE HUSTLE

Side Biz Brainstorm

What's theSkimm of this exercise?

You'll get the most out of this course if you brainstorm a side hustle concept (or two or three) ahead of time.

Here's how this is gonna go:

If you're not sure what you want to do, list out hobbies, special skills, and anything else you seem to be the go-to person for among friends and fam. Then determine how that could translate to something people would pay you for.

FOR EXAMPLE:

Idea/Skill: Editing my friends' dating profiles **Hustle:** Resume writing, bio writer, or proofreading business

Make a Plan for Your Extra Money

What's theSkimm of this exercise?

To identify the best ways to use your side hustle cash. Because starting a side hustle doesn't just give you a creative outlet. It can also supercharge your financial goals. Yes, please.

Here's how this is gonna go:

List at least three short-term financial goals you want to accomplish in the next few years. Plus how much they cost and why you're willing to work hard to make it happen. Last step: choose the goal you'll focus on first and allocate some (if not all) of your additional income to it.

Example: Pay off credit card debt	\$ 1,000	This is important because... I'd rather use the money I spend on minimum payments for something fun.
Goal 1:	\$	This is important because...
Goal 2:	\$	This is important because...
Goal 3:	\$	This is important because...
Goal 4:	\$	This is important because...
Goal 5:	\$	This is important because...
