

# Evanto Study Summaries

The summaries are organized in three levels depending on the detail of information. The overview table (Level 1) lists all the relevant publications dealing with a particular product (topic) as well as researched categories (e.g. level walking, safety, activities, etc). The Level 2 summaries list all relevant information on the device concerning a specific category (e.g. level walking, safety, activities, etc.).

For those interested to learn more about individual studies, the Level 3 summaries give a compact and concise summary of the relevant reference

Reference		Category									
		Functions and Activities								Participation	Environment
Author	Year	Level walking	Stairs	Ramps Hills	Uneven ground Obstacles	Cognitive demand	Metabolic Energy Consumption	Safety	Activity Mobility ADL	Preference Satisfaction QoL	Health economics
Maciejasz	2024							x	x	x	
Total number: 1		0	0	0	0	0	0	1	1	1	0
