4.0 Policy Statement

4.1 Students seeking to transfer to Acknowledge Education / ICHM (the Colleges)

4.1.1 The Colleges will not knowingly enrol a student wishing to transfer from another registered provider's course prior to the student completing six months of their principal course of study, except where:

- Either the other registered provider or the course in which the student is enrolled ceases to be registered; or
- The other registered provider has agreed to the student's release and recorded the date of effect and reason for release in PRISMS; or
- The other registered provider has had a sanction imposed on its registration by the government that prevents the student continuing their course of study; or
- Any government sponsor of the student considers that change to be in the student's best interest and has provided written support for that change.

4.1.2 In accordance with conditions listed under 4.1.1, above, the Colleges will not actively recruit a student before the student has completed six months of their principal course, unless the above exceptions apply or the student can demonstrate exceptional circumstances in support of the transfer.

- 4.1.3 The Head of Student Administration will follow the relevant procedure in PRISMS to ensure that a Confirmation of Enrolment (CoE) is only issued according to Standard 7 of the National Code (ESOS Act).
- 4.1.4 Any refunds or course fees paid to the original provider will be in accordance with the original provider's refund policy, which students must adhere to.
- 4.1.5 All applications for incoming transfer will be considered and responded to within 10 working days. The Head of Student Administration will notify the student of the decision in writing.

4.2 Students seeking to transfer from Acknowledge Education / ICHM (the Colleges)

- 4.2.1 Overseas students are restricted from transferring from their principal course of study for a period of six months.
- 4.2.2 Notwithstanding the above, students may apply for a release to enable them to transfer to another education provider where:
 - The overseas student will be reported because they are unable to achieve satisfactory course progress at the level they are studying, even after engaging with any of the Colleges' intervention strategies designed and implemented to assist the overseas student in accordance with Standard 8 (Overseas student visa requirements); or
 - There is evidence of compassionate or compelling circumstances; or
 - The Colleges fail to deliver the course as outlined in the written agreement; or
 - There is evidence that the overseas student's reasonable expectations about their current course are not being met; or
 - There is evidence that the overseas student was misled by the Colleges or an education or migration agent regarding the Colleges or their course, and the course as offered is therefore unsuitable to their needs and/or student objectives; or
 - An appeal (internal or external) on another matter results in a decision or recommendation to release the overseas student.
- 4.2.3 If any of the exceptions in 4.1, above, apply:
 - release will only be issued where a student has a valid enrolment offer from the receiving provider; and
 - a student under 18 years of age must have written evidence that the student's parent or legal guardian supports the transfer and, if appropriate, written confirmation that the new provider will accept responsibility for approving a student's accommodation, support, and general welfare arrangements, per Standard 5 of the National Code.
- 4.2.4 The Colleges will not release the student in the first six months of their principal course where:
 - The student's academic progress is likely to be disadvantaged
 - The transfer may jeopardise the student's progression through a package of courses.
 - The transfer may be detrimental to the student's welfare.

- The Colleges are concerned that the student's application to transfer is a consequence of the adverse action of another party.
 - The student has recently started studying the course and the full range of support services are yet to be provided or offered to the student, or
 - The student is intending to avoid being reported to the Department of Home Affairs for failing to meet the Colleges' attendance or academic progress requirements.
- 4.2.5 All applications for transfer will be considered within 20 working days and the applicant will be notified of the decision in writing.
- 4.2.6 Request for release is evaluated based on criteria outlined under sections 5.3 and 5.4, below. If granted, the release is reflected on PRISMS when the Colleges cancel the student's CoE, at no cost to the student. The Colleges will also advise the student of the need to contact the Department of Home Affairs to seek advice on whether a new student visa is required.
- 4.2.7 If a release is not issued, the student will be provided with written reasons for the refusal to issue. The student will also be advised of their right to access the Colleges' Complaints and Appeals Policy and Procedure.
- 4.2.8 The Colleges will not finalise the student's refusal status in PRISMS until the appeal finds in favour of the Colleges, or the student has chosen not to access the complaints and appeals processes within the 20 working day period, or the student withdraws from the process.
- 4.2.9 The Colleges will maintain records of all requests from students for a release (and the assessment, and the decision made) on the student's file for at least two years after the student ceases to be an accepted student, in accordance with ESOS requirements.
