BRANCH HIGHLIGHTS IAA NORTH HOLLYWOOD

IAA North Hollywood is one of our oldest branches, open since 1987. We recently chatted with Dave Coleman, the Branch Manager.

Dave raved about the great customer service and awesome staff, and mentioned how advantageous it is to have colleagues with over 20 years of IAA experience. He also made sure to let us know about the screen sale of non-running and offsite vehicles starting in May!

When we asked his favorite thing about working at IAA he had this to say: "Interacting with buyers, providers and owners, and the environment and atmosphere!"

Stop by and visit one of IAA North Hollywood's auctions, every Wednesday at 9:00 a.m. PT.
