

FOR IMMEDIATE RELEASE

IAA Breaks Ground on New Branches in Minnesota and Indiana

Capacity increased in key Midwestern areas with high demand

WESTCHESTER, IL – Aug. 18, 2021 – IAA, Inc. (NYSE: IAA), a leading global digital marketplace connecting vehicle buyers and sellers, announces that it has broken ground on the construction of two new state-of-the-art branches in Minnesota and Indiana. IAA Minneapolis South (MN) will become the second in Minnesota and will provide significant inventory storage and updated facilities to serve the growing needs of the Twin Cities area. IAA Indianapolis South (IN) will provide the same added support to the Indianapolis market as the third branch in Indiana.

“These new branches will bring additional capacity to support our growth in the Midwest market,” said Tim O’Day, President of U.S. Operations. “IAA is committed to enhancing the buying and selling experience, and these strategic property investments expand our capabilities and amenities in these key areas.”

About IAA

IAA, Inc. (NYSE: IAA) is a leading global digital marketplace connecting vehicle buyers and sellers. Leveraging leading-edge technology and focusing on innovation, IAA’s unique platform facilitates the marketing and sale of total-loss, damaged and low-value vehicles. Headquartered near Chicago in Westchester, Illinois, IAA has nearly 4,000 employees and more than 200 facilities throughout the U.S., Canada and the United Kingdom. IAA serves a global buyer base – located throughout over 170 countries – and a full spectrum of sellers, including insurers, dealerships, fleet lease and rental car companies, and charitable organizations. Buyers have access to multiple digital bidding and buying channels, innovative vehicle merchandising, and efficient evaluation services, enhancing the overall purchasing experience. IAA offers sellers a comprehensive suite of services aimed at maximizing vehicle value, reducing administrative costs, shortening selling cycle time and delivering the highest economic returns. Forward-Looking Statements

Certain statements contained in this release include “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995 and which are subject to certain risks, trends and uncertainties. In particular, statements made in this release that are not historical facts may be forward-looking statements. Words such as “should,” “may,” “will,” “anticipates,” “expects,” “intends,” “plans,” “believes,” “seeks,” “estimates” and similar expressions identify forward-looking statements. In this release, such forward-looking statements include statements regarding the expected timing and associated benefits with respect to the new IAA facilities at Minneapolis, MN South and Indianapolis, IN South on our business and plans regarding our growth strategies and margin expansion plan, and to our customers and company generally. Such statements include statements regarding the impact of COVID-19 on our business; our future growth; expectations regarding vehicle volume sales, results of operations and capital expenditures; and our continued investment in information technology. Such statements are based on management’s current expectations, are not guarantees of future performance and are subject to risks and uncertainties that could cause actual results to differ materially from the results projected, expressed or implied by these forward-looking statements. These risks and uncertainties include, but are not limited to: uncertainties regarding ongoing surges of COVID-19 infections, including new more contagious and/or vaccine resistant variants, and the impact on the duration and severity of the COVID-19 pandemic and measures intended to reduce its spread, including the availability, rate of public acceptance and efficacy of COVID-19 vaccines; the loss of one or more significant vehicle suppliers or a reduction in significant volume from such suppliers; our ability to meet or exceed customers’ demand and expectations; significant current competition and the introduction of new competitors or other disruptive entrants in our industry; the risk that our facilities lack the capacity to accept additional vehicles and our ability to obtain land or renew/enter into new leases at commercially reasonable rates; our ability to effectively maintain or update information and technology systems; our ability to implement and maintain measures to protect against cyberattacks and comply with applicable privacy and data security requirements; our ability to successfully implement our business strategies or realize expected cost savings and revenue enhancements, including from our margin expansion plan; business development activities, including acquisitions and integration of acquired businesses; our expansion into markets outside the U.S. and the operational, competitive and regulatory risks facing our non-U.S. based operations; our reliance on subhauers and trucking fleet operations; changes in used-vehicle prices and the volume of damaged and total loss vehicles we purchase; economic conditions, including fuel prices, commodity prices, foreign exchange rates and interest rate fluctuations; trends in new- and used-vehicle sales and incentives; and other risks and uncertainties identified in our filings with the Securities and Exchange Commission (the “SEC”), including under Item 1A “Risk Factors” in our Annual Report on Form 10-K filed with the SEC on February 22, 2021, as such risk factors may be amended, supplemented or superseded from time to time by other reports we file with the SEC, including subsequent Quarterly Reports on Form 10-Q and Annual Reports on Form 10-K. Many of these risk factors are outside of our control, and as such, they involve risks which are not currently known that could cause actual results to differ materially from those discussed or implied herein. The forward-looking

statements in this release are made as of the date on which they are made and we do not undertake to update our forward-looking statements.
