

# Conditions for Clenbuterol Use Under HISA's ADMC Program

## PERMISSIBLE USE:

In connection with Covered Horses, clenbuterol is only permitted when:

- It is prescribed by a veterinarian, in the context of a valid veterinarian-patient-client relationship, for a duration of no greater than 30 days in a 6-month period

**AND**

- Following the administration of clenbuterol, the Covered Horse is placed on the Vets' List

**Clenbuterol is considered a Banned Substance in all other circumstances.**

Any administration of clenbuterol performed in compliance with the ADMC Program **MUST** be recorded in the HISA Portal by the Covered Horse's attending veterinarian.

## WHILE ON THE VETS' LIST FOR CLENBUTEROL ADMINISTRATION:

- The Covered Horse **CANNOT** participate in any races under HISA's jurisdiction.
- The Covered Horse **CANNOT** breeze.

## TO BE ELIGIBLE TO RACE & BREEZE AGAIN:

- The Covered Horse must be on the Vets' List for clenbuterol for at least 21 days. **HIWU will not accept a Vets' List Workout request sooner than 21 days after the last clenbuterol treatment.**

- The Covered Horse must pass a Vets' List test.
- **Vets' List testing for clenbuterol includes the collection of both blood and urine samples. Both samples must return negative results.**

## RULE VIOLATIONS:

- The administration of clenbuterol that is not properly prescribed and reported by a veterinarian is an Anti-Doping Rule Violation.
- If a Responsible Person (e.g., trainer) breezes or races a Covered Horse that has been administered clenbuterol in compliance with the ADMC Program **before** that horse has a negative Vets' List Test, it is an Anti-Doping Rule Violation.
- Covered Persons who violate these conditions may be subject to a period of Ineligibility of up to two years and a fine of up to \$25,000 for their first Anti-Doping Rule Violation.
- The affected Covered Horse is subject to a 14-month period of Ineligibility.
