## Refund Policy

Refunds will be issued within 30 days of withdrawal, minus a \$250 non-refundable registration fee and a \$\_\_\_\_\_ non-refundable student service fee. The pro-rata refund is calculated by determining the hourly charge for the course, subtracting any non-refundable fees, dividing by the total course hours, and multiplying by the hours scheduled to attend before withdrawal. The last recorded date of attendance will be used as the withdrawal date.

If tuition was paid through a loan or third party, refunds will be sent to the lender, third party, or applicable state or federal agency. The pro-rata refund is calculated by determining the hourly charge for the course, subtracting any non-refundable fees, dividing by the total course hours, and multiplying by the hours scheduled to attend before withdrawal. The last recorded date of attendance will be used as the withdrawal date.

If tuition was paid through a loan or third party, refunds will be sent to the lender, third party, or applicable state or federal agency. Students who received federal financial aid are entitled to a refund of any amount not paid from federal aid funds. Product School does not participate in federal or state financial aid programs.

If a student obtains a loan, they are responsible for repaying the full loan amount plus interest, minus any refund. In case of default on a federal or state loan, the government or loan agency may take action, including garnishing tax refunds, and the student may lose eligibility for further government financial aid until the loan is repaid.

Cancellation is effective when the student provides a written notice of cancellation to the Student Success Team at [students@productschool.com](mailto:students@productschool.com). The written notice of cancellation need not take any particular form and, however expressed, it is effective if it shows that the student no longer wishes to be bound by the Enrollment Agreement. ## Refund Policy

Refunds will be issued within 30 days of withdrawal, minus a \$250 non-refundable registration fee and a \$\_\_\_\_\_ non-refundable student service fee. If a student withdraws after completing 60% or less of the course, they will receive a pro-rata refund based on the portion completed. If more than 60% of the course has been completed, the student remains responsible for the full tuition, regardless of whether they finish the course.

The pro-rata refund is calculated by determining the hourly charge for the course, subtracting any non-refundable fees, dividing by the total course hours, and multiplying by the hours scheduled to attend before withdrawal. The last recorded date of attendance will be used as the withdrawal date.

If tuition was paid through a loan or third party, refunds will be sent to the lender, third party, or applicable state or federal agency.
