

**MONIER**

**Toscana<sup>®</sup> Warisan**

Part of **BMI**

# Monier Toscana<sup>®</sup> Warisan, Classic Elegance and Trusted Endurance

Toscana<sup>®</sup> Warisan is a new range in our Heritage Collection. A modern version of the classic high roll profile seen on roofs throughout Europe for centuries. It offers time-tested design, enhanced durability and improved leakproof performance with ingeniously designed double interlocking system.

## EXCELLENT GEOMETRIC ACCURACY

- Each tile is placed in individual support during drying and then in H-Cassettes
- This prevents distortion and ensures dimension accuracy and consistency

## HIGH TROPICAL RAIN RESISTANCE

- Precise and sharp contours offer dimensional stability to provide excellent leakproof performance
- Double interlocking system at the head and side of the tile ensures superb leak prevention in Malaysia tropical weather

## SUPERIOR TILE STRENGTH & SURFACE COATING DURABILITY

- Each tile is fired at temperatures of more than 1,000°C
- It makes the tile extremely strong and its surface coating extra durable

# TOSCANA® WARISAN COLOUR PALETTE

## Satin

## Natural

The colours shown here are reproduced as close to the original as printing technology allows. For best accuracy on colour selection, refer to actual tile.

### PRODUCT & TECHNICAL DATA

<b>Dimension</b>	290mm (W) x 430mm (L)
<b>Batten Spacing*</b>	350mm c/c as standard spacing (+/- 3mm for occasional installation variance)
<b>Minimum Headlap</b>	75mm - 85mm
<b>Coverage</b>	12pcs/m <sup>2</sup> (base on 75mm headlap)
<b>Weight</b>	~3.85kg/pc
<b>Minimum Pitch</b>	20°

\*Batten Spacing has to be calculated based on actual rafter length. The maximum rafter length span up to 6 meters at minimum roof pitch stated.

- The colours shown here are reproduced as close to the original as printing technology allows. For best accuracy on colour selection, refer to actual tile.
- Other colours not featured on this page are available upon request.

In view of innovation, the specifications are subject to change without any prior notice and in the event of such changes, Monier shall ensure that the new specifications are equivalent if not better.
