BMI Solar System, Capturing the Solar Energy with Energy Efficient Roofing Solutions

As part of BMI's Energy Efficient Roofing Solution, BMI Solar Water Heating System is an energy-saving, safe and high performance system that taps on the abundant natural resources of the eco-system. In addition to saving on your traditional water heating energy consumption, you also protect the environment by using free energy in a more efficient way.

Our Solar Water Heating System can easily be incorporated and is in compliance with all BMI Roof System. You can maximize your cost savings by creating an energy efficient roof with our CoolRoof™ System for cool comfort and Toplight® to brighten your home with natural sunlight.

BETTER SAVINGS

- Enjoy ZERO electricity consumption and maximize your cost savings

ENERGY SAVING

- Minimize the use of electricity by maximizing the use of natural resources of the sun

ENVIRONMENTAL FRIENDLY

- Minimize impact on the environment through efficient and eco-friendly use of energy

SAFE

- Eliminates potential electrical hazards

COMFORTABLE

- Provides the comfort of a warm shower during rainy days or cold mornings

CONVENIENT

- Designed to give you optimum convenience by providing immediate hot water at all times

Direct System

- Tempered Glass**
- ZINC ALUMINIUM ALLOY STEEL Outer Casing**
- TOP QUALITY FITTINGS**
- 10 Years Warranty**

OPTIMUM PERFORMANCE

LARGE SURFACE: MAXIMUM HEAT ABSORPTION

DURABLE STRENGTH

AUTOMATED WELDING

TENDY DESIGN

BMI's standard range of Solar water Heating System utilizes a direct system which optimizes your water heating requirements. This system absorbs the sun's energy through its solar collector, turning the cold water into hot water; which rises to the water storage tank. The constant heat absorption process will ensure continuous hot water supply whenever you need it. This system offers a choice of two sizes - 180 litres and 300 litres.

PRODUCT & TECHNICAL DATA

	Standard 180 Classic Installation 180 Litres	Standard 300 Classic Installation 300 Litres
Capacity (Storage Tank)	180 Litres	300 Litres
Panel Dimension (LxWxH) mm	1940 x 1016 x 75mm	1940 x 2290 x 75mm
Tank (LxDiameter) mm	1490 x 510mm	2290 x 510mm
Overall Weight (Empty)	89kg	135kg
Overall Weight (Full)	274kg	445kg
STORAGE TANK		
Outer Cylinder Case Material	Zinc Aluminium Alloy Steel	
Tank Insulation	High Density Pressure Injected Polyurethane Foam	
End Cover Material	Zinc Aluminium Alloy Steel	
Cylinder Thickness / Material	Marine Grade Stainless Steel	
COLLECTOR		
Design	Plate & Tube	
Plate Material	Aluminium / Copper	
Surface Coating	Matt Black Polyester	
Absorption Coefficients	>0.94 ± 0.1	
Riser Tube Quantity	6	12
Casing Material	Zinc Aluminium Alloy Steel	
Glass Material	Tempered Glass	
Glass Thickness	4.0mm	4.0mm
Conceal Tray	Not Required	Not Required

*In the event after confirmation of the order, the product is no longer in production or supplied by BMI, BMI shall be entitled to replace the product with another of similar if not better specifications even though of design in appearance.
