VED RATES.

Annual VED (second year onwards), for cars costing over £40,000, is payable for five years. VED rates for brand new cars are determined by their CO_2 emissions figure. First year VED applies to the first year of ownership. Annual VED rates apply thereafter. The All-Electric MINI Aceman models fall into the category below:

CO ₂ emissions – combined (g/km)	0	Annual VED — second year onwards (standard rate for electric vehicles)	£0
First year VED (electric vehicles)	£0	Annual VED — second year onwards (electric vehicles over £40,000)	£0

CHARGING.

The All-Electric MINI Aceman includes a Mode 3 Charging Cable for public charging and the MINI Charging Card as standard, granting you access to the continuously expanding public charging network. If you wish to charge your MINI at home, the optional Mode 2 Flexible Fast Charging Cable with 3-pin plug can be purchased, or you have the option to install a Wallbox with our partner Pod Point. A guide to charging times and rates are below, these are dependent on the local electricity infrastructure:

TYPE	RATE	E	SE	
HOME CHARGING (AC 0-100%)				
Charging with Mode 2 cable (Flexible Fast Charger with 3-pin plug)	2.3kW	20.5 hrs	28.75 hrs	
Charging with Wallbox	7.4kW	6.75 hrs	9 hrs	
PUBLIC CHARGING (AC 0-100%/DC 10-80%)				
AC charging with Mode 3 cable	11kW	4.25 hrs	5.75 hrs	
DC charging at max charge rate E/SE	70kW/95kW	28 mins	31 mins

May 2024.

^{* =} The All-Electric MINI Aceman is a battery electric vehicle requiring mains electricity for charging. Whilst we recommend the battery for this vehicle is charged to 80% to help optimise the life of your battery, the electric range figure shown is the WLTP figure after the battery had been fully charged to 100%. WLTP figures are shown for comparability purposes. Only compare fuel consumption, CO₂ and electric range figures with other cars tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the starting charge of the battery, accessories fitted (post registration), variations in weather, driving styles and vehicle load. Please note: data is preliminary.
