

Are you a private renter?

Is your rent unaffordable?

**Are problems in your home
not getting fixed?**

**Scared to speak up for fear
of being evicted?**

**Feel like you're being
discriminated against?**

137,000 people rent privately in Bristol.
That's almost a third of our city's
population who are impacted every
day by a broken renting system.

We're done with feeling powerless.

Join the Bristol Fair Renting Campaign
to fight for, and win, change.

Demand fair renting for Bristol

Demand that our city's political leaders fix private renting.

SIGN OUR MANIFESTO:

campaigns.shelter.org.uk/demand-fair-renting-bristol

We are renters from across the city with a goal to make our local renting system fair. We've united to build solidarity, identify solutions and fight together for change.

We have already shaped a Council motion to tackle benefits discrimination, co-delivered a city-wide Renters' Summit and helped drive forwards the Bristol Living Rent Commission. But we must keep up the pressure – we need your help to win a fair renting system for Bristol.

We are demanding that Bristol's leaders tackle:

#01

Unaffordable rents

#02

Poor conditions

#03

Discrimination in the renting system

Help lead the campaign.
