

JOIN THE JOURNEY TO END HOMELESSNESS

WHAT WE DO

Emergency helpline

Over the past year, over **22,000 households** received advice from our emergency helpline.

Building social housing

We're fighting to give safe, secure homes to all. Within ten years, we want to make sure that everyone who needs social housing gets it.

Face-to-face support

In 2021, more than **18,000 households** came to our hubs for face-to-face advice and support.

Fighting DSS discrimination

We're campaigning to end housing benefit discrimination. Last July, we even won a game-changing court case confirming it was unlawful.
