

Instant Access Savings

Grow new revenue streams with interest-bearing savings accounts

Build a complementary financial services unit

With NatWest Boxed Instant Access Savings, your customers can benefit from leading savings rates and the flexibility to access their money instantly, whenever they need.

Business benefits

Grow your revenues

Add a new revenue stream by earning interest on your customer's deposits while they save.

Win new customers

Provide more ways to engage with your customers with an ecosystem of services.

Unlock future opportunities

Establish the foundations of embedded finance, offering a range of savings and lending solutions as you grow.

Customer benefits

Easy to use

Provide a frictionless customer experience. Peace of mind and seamless account opening from a trusted brand.

Easy to choose

Offer competitive returns, encouraging your customers to open a savings account.

Instant access at any time

Allow customers to start earning interest instantly and access their money in seconds.

Key features

Instant access

Customers can top-up and withdraw their money instantly, at any point, offering greater flexibility.

Competitive interest rate

Customers benefit from market leading savings rates, encouraging them to save more.

Streamlined onboarding

With our automated decisioning and streamlined onboarding, we enable instant access account opening.

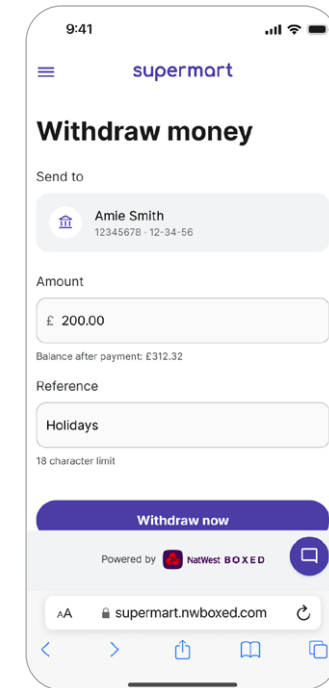

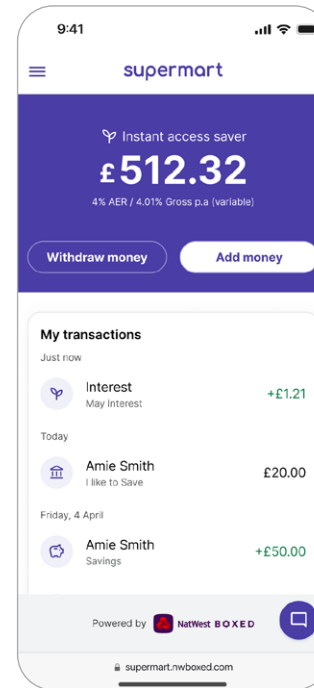

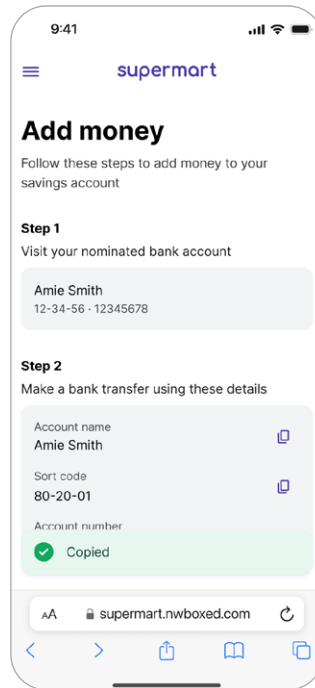

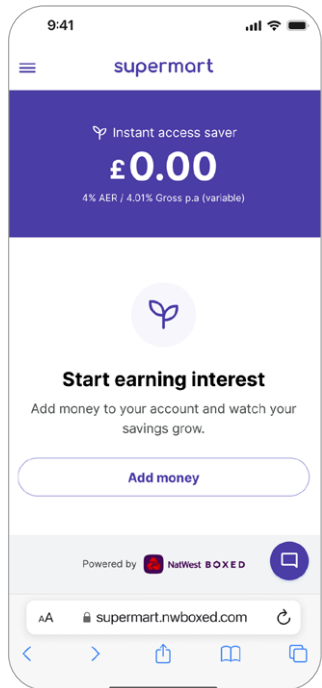

Guarantee protection

Offer your customers peace of mind with deposits protected by the Financial Services Compensation Scheme (FSCS).

How does Instant Access Savings work?

Your customer logs in to newly opened savings account

Your customer uses account details to initiate a bank transfer from their linked account

Deposits grow over time and your customer earns interest on balance

Your customer can withdraw money into their linked bank account whenever they like, with no limitations
