Name: Phone:

Email:

Details of electricity account holder(s) at residence	e where the patient will reside on discharge:			
Name(s):	Flick account number (if known):			
Phone:	ICP number:			
Consent:				
As the recipient of this medical equipment and a potentially medically dependent consumer, I consent to the information on this form and information on the future status of my dependence on the medical equipment to be shared between the health practitioner(s), electricity retailer(s) and/or the electricity account holder for the domestic residence where I will be residing, for the purpose of ensuring that the electricity retailer is informed of my medical dependence on electrical equipment and my status as a medically dependent electricity consumer. The electricity retailer may use this information to identify residences where electricity disconnection, for whatever reason, may have significant consequences.				
Patient signature: and/or	Date:			
Caregiver signature:	Date:			
PART B - CONFIRMATION THAT ELECTRICITY IS REQUIRED Medical practitioner to complete				
I certify thatis:	(patient's name) with NHI number			
(a) using mains electricity dependent critical (CEME); and (b) at some point in the future may be dependent disconnection may result in loss of life or serion patient is a potentially medically dependent consumption.	dent on the CEME to the extent ous harm. (If so, the			
I also certify that the patient listed above has been in accordance with appropriate clinical practice: (a) for the use of the CEME; and (b) what to do in an emergency, including when interrupted for any reason.				

Where:

- (a) Critical medical support is defined as support which, in the opinion of a DHB, private hospital or GP, is required to prevent loss of life or serious harm: and
- (b) CEME is defined as any equipment supplied or prescribed by a DHB, private hospital or GP, which requires mains electricity to provide critical medical support to a person, and includes other electrical equipment needed to support either the CEME or the treatment regime (e.g. a microwave to heat fluids for renal dialysis).

Note: The patient's electricity retailer may seek advice on the patient's status as a MDC if at any point in the future the patient faces disconnection.
