1/18/11 Eliminating pre packs in Tech Pack

The packing instruction defaults in PDM for some product categories have been updated to include “ EXCEPTION: DO NOT USE POLYBAGS FOR PRE-PACKS”

Some of the Casual Jackets, Knit Tops, Sweaters and Denim/ Casual Bottoms were chosen as items that do NOT need individual bags when pre-packed.

The image tab in the attachment shows the selected packing features and folding method that will have this wording included at the bottom of the instructions.

The purpose of this green effort is driven by the company to reduce waste from the polybags inside the pre packs that arrive in the stores.

We will continue to rely on our Factories / Vendors guidance to call out styles that should be the exception to this rule despite the instruction in PDM. This would be due to color, embellishment, expensive trims or buttons.

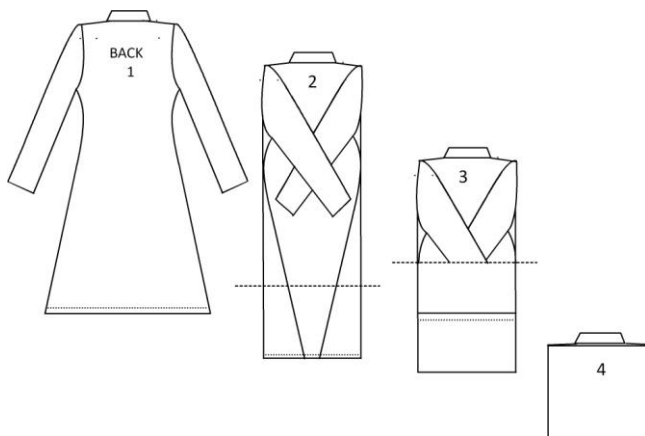

NOTE: WEB & UK orders are excluded.

PACKING OPTIONS SELECTED TO ELIMINATE POLYBAGS WHEN PRE-PACKED

CASUAL JACKET/ COAT: EXCEPTION PACKING FOR PRE PACKS

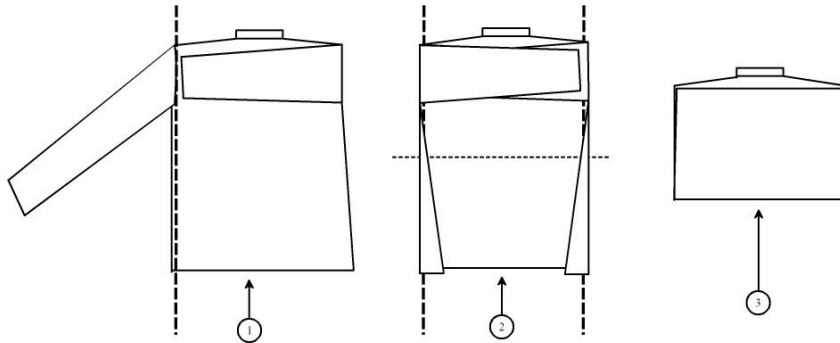

Feature: Coat - long sleeve triple length fold

******* EXCEPTION : DO NOT USE POLYBAGS FOR PRE-PACKS**

Feature: Flat Pack (Single Fold)- PKG10

******* EXCEPTION : DO NOT USE POLYBAGS FOR PRE-PACKS**

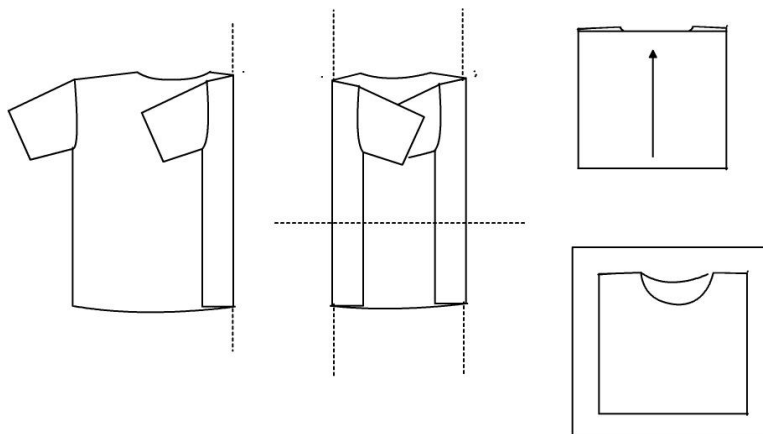

FINISHED PACKING
(sent via email by Kale Lee-ISS on 1/4/11)
