Scenic Fjords of Norway

10 days – Escorted tour between Bergen and Trondheim, travelling along the coast of Norway and then through the fjords

Join our new escorted tour visiting the Western Fjords of Norway, starting from Bergen, going via Ålesund and Åndalsnes and ending in Trondheim.

Follow along Norway's beautiful coastline from Bergen to Kalvåg on an express ferry with the locals. Meet your premium 50 Degrees North mini-coach as you come off the local ferry and enjoy three days of travel through a very remote and enchanting area of Norway. Stop along the way for glacier hiking, waterfalls and cultural visits, such as small, local folk museums and the new Viking Museum.

After a stay in Ålesund, head north as your driver navigates two of the most famous Norwegian Scenic Routes. Be amazed by Norway's most visited tourist road, Trollstigen Road with its eleven magnificent hairpin turns and the Atlantic Highway, famous for its twisting bridges over the coast.
