Round Voyage

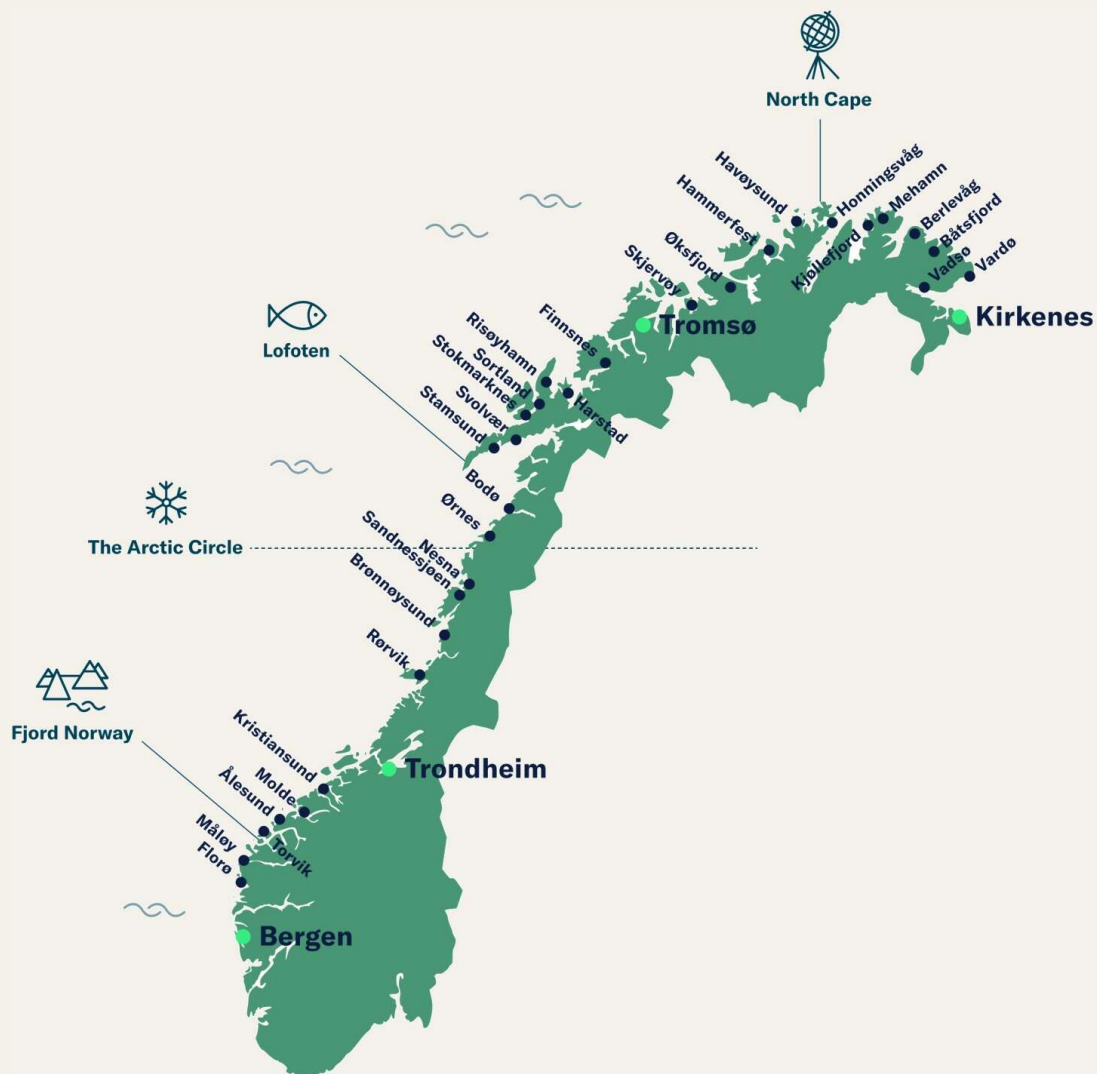

Welcome aboard

We welcome you onboard Havila Voyages' ships with décor that reflects Norwegian landscapes including the sea, the sky, mountains and glaciers.

Every single nautical mile along the coastal cruise from Bergen to Kirkenes and back is filled with new experiences. The mountains are immutable, but the weather and the light change constantly, transforming the colours and appearance of the landscape.

Here, you will encounter the soft grey of the rain, the crackling green of the Northern Lights or the golden glow of the midnight sun. Along the coast, tiny fishing villages shelter from the fierce Atlantic breakers, while larger coastal towns nestle in the narrow space between wild mountains and the seashore.

Round Voyage Twelve Days - A Thousand Memories

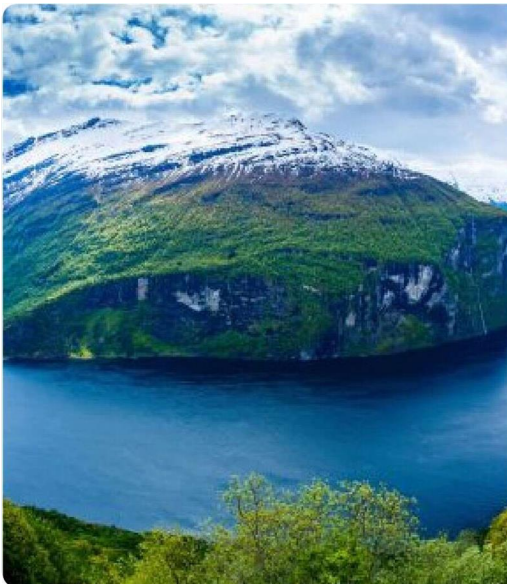

Sailing Schedule

Day 1

Bergen

The journey starts in Bergen, the capital of western Norway, with the colourful and UNESCO-listed warehouses in Bryggen. Take the funicular railway, Fløibanen, up to one of the lookout points, sample the seafood at the fish market or take a stroll through the narrow streets and along the quays of the lively harbour. Bergen is the gateway to the Norwegian fjords and the start of your coastal adventure.

Day 2

Florø-Måløy-Torvik-Ålesund-Geiranger*/Hjørundfjorden*-Ålesund-Molde

After the first night on board, you can start your day by waving to the Havila Voyages headquarters just off Torvik. Ålesund, is renowned for its art nouveau architecture with beautiful brick houses and warehouses. In the summer, you can continue to the UNESCO World Heritage Site of Geiranger Fjord, which has steep mountainsides and dramatic waterfalls.

*Geiranger visited 01.06–31.08

Day 3

Kristiansund - Trondheim - Rørvik

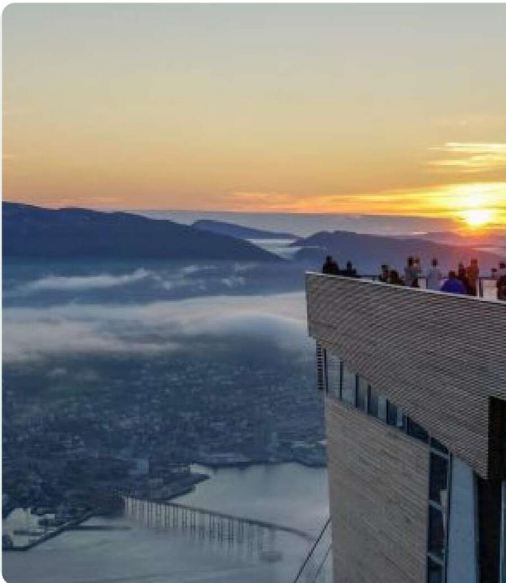

It is morning when we dock in the historic city of Trondheim, which was founded over a thousand years ago. Nidaros Cathedral is the landmark of the city; it is Norway's national shrine and one of the largest cathedrals in Northern Europe. After our visit here, the voyage continues out into the fjord, into an abundant archipelago and heads for northern Norway.

Day 4

Brønnøysund - Sandnessjøen - Nesna - Ørnes - Bodø - Stamsund - Svolvær

On this stretch, we mark crossing the Arctic Circle with a ceremony and continue onward into the Arctic regions. It means midnight sun in the summer, while winter days are merely a shade less dark than night-time and, possibly, Northern Lights in the evenings. Nature is powerful with northern Scandinavia's largest glacier, the world's strongest tidal current and encounters with the majestic sea eagle. In the evening, Lofoten's fishing villages, steep mountains and Vikings await.

Day 5

Stokmarknes - Sortland - Risøyhamn - Harstad - Finnsnes - Tromsø - Skjervøy

The voyage continues on through narrow fjords and past wild mountains to Tromsø, a city characterised by hunting and fishing, polar expeditions and courage. Now you have also reached the land of the Sami, Norway's indigenous people. Meeting the Sami and their reindeer while hearing about the Sami culture is a unique experience you will remember.

Day 6

Hammerfest - Havøysund - Honningsvåg - Kjøllefjord - Mehamn - Berlevåg

As far north as you can get - by land and sea. For many, the visit to the North Cape is a high point and a goal for voyages along the Norwegian coast. Up here in the polar landscape, nature is at its harshest and most desolate, but between bare plains and rugged cliffs people cling on and reap nature's bounty. You can also have a taste of the catch. How about some king crab?

Day 7

Båtsfjord - Vardø - Vadsø - Kirkenes - Vardø - Båtsfjord - Berlevåg

You are now as far east on your voyage as you can go. The border with Russia is only a few kilometres away, and the road signs in Kirkenes are in Norwegian and Russian. You can go as far as the border on one of our excursions, or how about a visit to the Snowhotel where everything is made of ice and snow?

Day 8

Mehamn - Kjøllefjord - Honningsvåg - Havøysund - Hammerfest - Øksfjord - Skjervøy - Tromsø

The polar landscape changes as we sail towards the west and south again. The great expanses are replaced by steep peaks, and in the evening we sail into Tromsø. You can go to a midnight concert in the Arctic Cathedral, or take a stroll in the midnight sun or under the Northern Lights and explore the nightlife of the city dubbed "The Paris of the North".

Day 9

Finnsnes - Harstad - Risøyhamn - Sortland - Stokmarknes - Svolvær - Stamsund

We return to the wild, idyllic Lofoten Islands. Beneath the jagged mountains lie chalky white sandy beaches and fishing villages with a vibrant fishing industry and locals using the coastal ships for everyday trips and transport. If the weather permits, we will enter the narrow Trollfjord. There is a strong possibility of spotting sea eagles here.

Day 10

Bodø - Ørnes - Nesna - Sandnessjøen - Brønnøysund - Rørvik

Now we have come so far south that we're crossing the Arctic Circle and sailing away from the polar night and the sunlit nights. But you can still see the Northern Lights in the winter, and it is never completely dark during the summer nights. Here you sail past a myriad of small islands, islets and skerries and past the special mountain, Trollhatten, which has a hole in the middle. If you wish, you can also go on the trip to the mountain and enter the hole.

Day 11

Trondheim - Kristiansund - Molde - Ålesund

We sail through the wide Trondheim fjord that is bounded by rolling farmland on both sides and return to the coast and the open sea. You can disembark in Kristiansund and be driven along the Atlantic Ocean Road, which has been called the world's most beautiful drive. The road meanders along islets and skerries, and afterwards you can re-embark in Molde.

Day 12

Torvik - Måløy - Florø - Bergen

The last day of the tour takes you through a diverse coastal landscape of bare rocky mountains and a maze of sounds and waterways between many islands. The great fjords and glaciers are situated inland. Bergen awaits at the end of the voyage. We hope you have many good memories from your journey along the Norwegian coast with Havila Voyages, and we look forward to seeing you again.

Enhance your voyage with coastal excursions

Experience the highlights of the Norwegian coast through our varied excursion program. Whether you want to see the northern lights from a dog sled or eat self-caught king crab after a night of midnight sun, you can have the voyage of your dreams with us.

We invite you to excursions where you get to experience mountains and fjords and get up close to the seasons and changing weather. We take you out into nature with locally known guides, offer real experiences and tastings of short-distance food

Between Bergen and Trondheim you can experience the magical Fjord Norway with sea, fjords and mountains, the Art Nouveau city of Ålesund and the world heritage fjord Geiranger.

Havly was the house that provided food, warmth, security and shelter to fishermen and sailors. Cafés and small guest houses called Havly could be found in every harbour and served as a home from home for men who fished from small boats along the harsh coast. At Havly in Havila Voyages, we uphold this tradition of providing good, hearty fare.

The café is open from morning to evening, serving small snacks, coffee and cake, lunch or a simple dinner. Our on-board bakery offers a selection of bread rolls, cinnamon rolls or our special Havila roll with chocolate and vanilla cream.

We also serve Norwegian favourites like waffles, cream cakes and shrimp sandwiches. Freshly made pizzas and burgers have become our new traditional food and feature on the menu together with Norwegian classics such as creamy fish soup with salmon, cod and prawns.

Hildring is something you may experience occasionally and on the most beautiful summer days. When warm air settles above the sea, islands and ships may appear to be floating above the water. This is also how you may feel in our fine dining restaurant. Seafood from the pure icy Norwegian waters receives the warm attention of our chefs, creating flavours that will make you feel like you're floating on air.

Sometimes, you have to add that little extra to your trip. This is when Hildring Fine Dining, with its delicious, leisurely breakfasts and our special signature dinner menu, comes in.

The cold, clean waters that we sail in have the best seafood in the world, and it is from here that Hildring Fine Dining sources the turbot and scallops that are served. Berries that have benefitted from long sunny days on the mountainsides along the fjords bring your meal to a sweet conclusion.

At Hildring Fine Dining we offer you the best of Norwegian produce.

Do we get food on the excursions?

Some of the excursions do not include meals or only simple snacks and drinks, while other excursions offer meals or a Havila packed lunch. This is described in more detail under each excursion. You can choose between different menus, but a typical Havila packed lunch will include a sandwich, orange juice, fruit and sweets. If you have booked a full board voyage and cannot attend a meal because you are out on an excursion, this meal will not be refunded.

Can I book a meal to work around an excursion time?

The food is an important part of the voyage with Havila Voyages. That's why you can usually book a table in the main restaurant at a time that does not conflict with the excursion. You must remember to book this at the reception yourself.

What languages are spoken on the excursions?

Most of our excursions are held in Norwegian, English and German. Further information can be found [here](#).

Can I go ashore at each of the 34 ports Havila stops at?

Havila Voyages stops at 34 ports on northbound journeys and 33 on southbound journeys. You can go ashore in all ports, but in some places we stop in the middle of the night and in other ports there are only short stops. At many ports, however, the ship stays for longer, so you have time to look around and participate in our excursions. You can see our sailing schedule [here](#).

Are the excursions safe?

Passenger health and safety is the highest priority for Havila Voyages. Therefore, we have strict contracts with those who arrange excursions. You can read more about infection control during our excursions [here](#).

When should I check out?

Check-out from your cabin is at 12:00, but this may differ between ports: Bergen is at 10:00 ; Kirkenes and Trondheim are at 08:00; and Tromsø on the southbound journey is 20:00. It might be possible to arrange a later check-out time at the reception onboard.

Is there organised transport from the ship to the airport or train station?

Yes, we have an airport service from the port terminals of Bergen, Trondheim, Harstad-Svolvær, Tromsø and Kirkenes. In Bergen, we also have transport to the train station.
