EXPEDITIONS

## Contact Information M/V ORTELIUS

The Ortelius is equipped with Internet and phone facilities (subject to satellite connection and coverage). WiFi Internet access is available throughout the ship. In each cabin you can connect your own laptop to the network as well there are two laptops available for public use. You can either purchase full access to the Internet or purchase a shipboard E-mail account for the duration of the voyage.

### **1. Direct access to the Internet is provided by using access cards.**

Cards are available at the reception in 20, 50, or 100 megabyte denominations. Prices are: 20MB for € 15,- / 50MB for € 30,- / 100MB for €60,- (unused data at the end of your trip is non-refundable).

*Please be advised that Internet at sea is considerably slower than at home and some pages like Hotmail and AOL may take many minutes and a considerable amount of data to load.*

### **2. As an alternative if you wish to control your costs and just need Email access you can create a shipboard Email account.**

This will just cost you: € 15,- for a 7-10 day trip / € 20,- for a 11-12 day trip / € 25,- for a 18 day trip / € 50,- for a 30 day trip.

*Please be aware that you are sailing in remote areas and there may be satellite blind spots (surrounded by mountains for instance). As long there is coverage there is Internet.*

### **Telephone calls can be made from the ship as well.**

Cards are available in 15 Euro and 45 Euro denominations (approx. 20 minutes/60 minutes).

### **In case of emergency, the ship can be reached at the following Satellite telephone numbers:**

+ 870773106366 and/or + 881677707425

or an email can be send to the ships hotel manager [HM@oceanwide-ortelius.com](mailto:HM@oceanwide-ortelius.com).

*The cost of this call depends on the costs charged by our provider. Remember satellite calls are quite expensive. E-mails send to the ship will be charged to the receiver, please do not send attachments and only use in case of emergency.*
