

Travel through Norway on a minibus

Our 50DN minivan tours represent a new style of travel: 2-12 independent travellers traverse exceptionally beautiful, yet hard-to-reach areas of Norway, thus experiencing something unique and authentic while contributing to more modest local economies. These “minivan tours” are not group tours as such, but for a few days during each of these itineraries, you will share the same minivan with other travellers (private, only for 50 Degrees North clients). With three different tours available for 2020, the choice is yours!
