INTERNET

We have wireless Internet available on board for an extra charge, if not included in your choice of fare. Please ask for more information at the reception on board and our personnel will help you find the best solution.

ITINERARY/WORKING SHIPS

Hurtigruten ships are working vessels operating a regular service to a set timetable. Our ships carry goods, vehicles and passengers between ports around the clock as an integral part of Norwegian daily life. You may expect some noise and vibration in a few cabins during the loading of goods. This varies depending on the location of your cabin and the type of ship. Hurtigruten reserves the right to make changes to the programme and shore excursions due to weather and/or other conditions. As Christmas approaches itineraries may change in order for the ships to host dinners and celebrations for local communities.

JACUZZI

MS Finnmarken, MS Midnatsol, MS Trollfjord, MS Spitsbergen. MS Kong Harald, MS Nordkapp, MS Polarlys and MS Nordnorge have Jacuzzis on board. There is a pool on MS Finnmarken. They may be closed at times during the winter season or due to the weather conditions. If you are travelling without a cabin, towels can be hired on board for a small fee. The shop on board has a limited selection of bathing costumes.

MEDICAL

The Norwegian Coastal Voyage ships do not leave territorial waters and are rarely far from land. There is no doctor or pharmacy on board and medical assistance is available at ports or, in an emergency, by helicopter. Some of the crew are trained in first aid and there is a First Aid room on all ships. If you need assistance, please contact the reception. At the time of printing there are no compulsory vaccinations or health requirements for travelling to Norway. It is however the responsibility of all passengers to ensure they comply with any health requirements at the time of travel.

If you have any mobility or hearing/sight problems, please advise reception on arrival. This will ensure that you receive assistance in the event of any emergency.

If you are prone to seasickness, we suggest you carry effective medication. Some tablets are available on board, for which a charge is generally made, but they may not be appropriate for every passenger.

MEALS/SPECIAL REQUESTS

The usual regular meal times are subject to change to adapt port of calls, but generally:

- Breakfast from 07:00 – 10:00 (open seating)
- Lunch from 12:00 – 14:30 (open seating)
- Dinner times vary according to the itinerary. It is usual for dinner to start at 18:00, and there will be a variety of seating options available (times advised on board).

For our full board passengers, the culinary journey begins with a buffet served upon departure day in Bergen and ends with a lunch served when sailing into Bergen on the last day. The food on board is mainly Norwegian according to the concept “Norway’s Coastal Kitchen” which is based on local sourcing from a number of small producers from the region we are sailing in. There are always vegan alternatives available when requested upon booking.

It is safe to drink tap water on board. For our Platinum guests drink package is included, and is also available for purchase on board for our Basic- and Select guests.

All ships are fully licensed; the price level is the same as on mainland Norway. Further information is available on board.

All our ships, except MS Lofoten, MS Vesterålen and MS Spitsbergen offer a separate A la Carte restaurant, where we invite our guests to enjoy a meal in a calmer environment and with personal service. Experience a selection of innovative courses based on local sourcing with premium quality.

Depending on your fare type, you may upgrade from your existing meal plan or pay according to menu. Our Platinum guests are welcomed to eat in the A la Carte restaurant without any extra charge every day of their voyage. Opening hours and menu are presented on board the ships.

MOBILE PHONES

Mobile phones may be used on board although reception may vary, check with your provider for costs when using your phone abroad.

MOBILITY

We are happy to welcome passengers who are not fully mobile and all our ships (except MS Lofoten) have at least one cabin equipped for travellers using a wheelchair. Passengers who use a wheelchair must bring their own, standard size, foldable chair. Guests who can navigate around the ship unaided in a wheelchair need not have a travel companion. Those who need assistance need to be accompanied. Please discuss this with your booking agent. In the ports, there is a ramp or gangway for embarkation/ disembarkation.

NB: Not all excursions are suitable for passengers with wheelchairs, please contact the tour

leader /expedition leader on board who will be able to advise which excursions are suitable. Drivers and guides are not permitted to lift wheelchairs or passengers at any time.

For assistance at train stations please call NSB (Norwegian State railways) on: +47 815 00 888, for assistance when using the Oslo airport train (Flytoget) please call +47 64 821772. Please call at least 24 hours before you travel.

SAFETY

It is a safety requirement that all Hurtigruten passengers attend a compulsory safety briefing in Bergen and Kirkenes before the ship leaves port.

This will be held by Hurtigruten staff onboard the ship after embarkation. It will last between 10 - 15 minutes.

The briefing will include a demonstration of how to put on a life jacket and the instructions to be followed in the unlikely event of an evacuation or other emergency during the voyage. The briefing is compulsory for all passengers including those who have travelled with Hurtigruten on previous occasions. There will be an opportunity to ask questions if you have any concerns.

Please familiarize yourself with the safety procedures posted on the inside of your cabin door and in the public areas on board. Please contact reception if you have any questions or are uncertain. We ask that guests with physical disabilities and impaired vision or hearing inform the reception when boarding the ship to ensure that you get the necessary assistance should an emergency arise.

In most ports of call there will be a great deal of activity on the quay, with vehicles boarding and driving ashore, as well as loading and unloading of goods. Please pay attention to this type of traffic and exercise care when boarding and going ashore.

SHOPS

All our ships have a shop with a good selection of high quality products. We provide clothing by high end Norwegian brands and equipment suitable for attending our excursions and hikes, as well as gifts and memories to bring home. You can also find Hurtigruten labelled products and our own brand Arctic Pure. There is also a small selection of toiletries available for purchase. On MS Lofoten, this service is handled by the cafeteria.

SMOKING

Smoking is only permitted in designated areas on the outside decks. It is not permitted when the ships are in port and you are not allowed to smoke on deck during the refueling of the ship in Bergen. This will be advised by the staff. To show respect for the environment, please use the provided ashtrays. Throwing cigarette ends overboard is strictly prohibited. Smoking in the cabin is prohibited and subject to a cleaning charge of NOK 1500 to return the cabin to a non-smoking standard.

TOUR LEADER/EXPEDITION LEADER

From 2018, nine out of our 11 ships (except MS Lofoten and MS Vesterålen) along the Norwegian coast have an Expedition Leader, an

expedition team and special activities on board like lectures and presentations, on deck guiding, gatherings and environmental actions. These ships function as a “base camp” and a starting point for all our onshore activities.

All tour leaders speak Norwegian, English and German. Expedition leaders speak Norwegian and English but not necessarily German. However, the Expedition Team will have German-speaking team members.

WAKE-UP CALLS

When arriving at night disembarking passengers will be woken half an hour to an hour before arrival. On early morning arrivals, a wake-up call will be made to allow time for you to vacate the cabin for it to be prepared for the next occupants. You may use the ship’s public facilities and the luggage room until you disembark.

Hurtigruten reserves the right to make changes.
