

# MS FRAM

MS Fram is our newest ship, built in 2007

MS Fram builds on the heritage of the original Fram. Its utilisation of the most advanced technology makes it extraordinarily suited for expedition voyages in polar regions. The Norwegian word *Fram* means 'forward' – lifting expectations of the voyage at hand.

Of the 128 comfortable cabins a number of them are superior and are named after Norwegian polar heroes. The spacious outside decks include accessibility to the very front of the ship – a great place to

observe marine wildlife. We are very proud of the art commissioned for MS Fram – local artists from the Arctic have contributed making her a modern masterpiece. After dressing for shore side excursions

and expedition landings you meet at our "tender pit" where we safely embark our sturdy Polarcirkel boats and take you safely and efficiently from ship to shore.
