## Executive Summary

### Introduction

The New York City Residential sales market saw sales volume take off and average sales prices increase modestly during the third quarter of 2013 when compared to the same quarter last year and the second quarter of 2013 leading to the highest total residential sales consideration recorded since 2007.

The total consideration for all residential sales in New York City during the third quarter of 2013 was \$11.3 billion, up 31.63 percent from the third quarter of last year and 38.06 percent from last quarter. Sales of all homes in the city totaled 14,073, up 28 percent from the third quarter of last year and 33 percent from the previous quarter. The average sales price of a home increased 3 percent from the third quarter of last year and 4 percent from last quarter to \$806,000.

Sales of homes over 10 million dollars increased from 22 in the previous quarter and 27 in the third quarter of last year to 34 this quarter.

Total consideration for Manhattan was \$6.636 billion for the third quarter of 2013, up 30.15 percent from the third quarter of last year and 38.28 percent from last quarter. In Brooklyn, the total consideration of residential sales reached \$2.245 billion. The total consideration for residential sales in Brooklyn was an increase of 31.25 percent over the third quarter of last year and 42.95 percent more than last quarter.

This is the second quarter in a row where the activity in the market was not focused primarily in the Manhattan apartment market and prime Brooklyn areas. Sales in both Brooklyn and Queens of 1-3 family homes were at post recession highs of 1,888 and 2,409 respectively. It has been suggested that the reason for this is the recent rise in mortgage interest rates. With uncertainty in the mortgage mar-

kets, buyers may have become more firm in their decision to buy. Mortgage rates though are still near historical lows though so the attractiveness of buying should remain into the next quarter. Furthermore, with new developments coming closer to completion, added inventory should keep buyers interested in the market. Residential rents also have not come down, so potential buyers have extra incentive to become homeowners in the upcoming quarters.

Manhattan neighborhoods with the most home sales this quarter were; the Upper East Side (1,075 sales), the Upper West Side (840), Midtown East (358), Midtown West (311), Gramercy/Kips Bay (283), Chelsea/Flatiron (279).

Brooklyn residential home sales activity was focused in Bedford Stuyvesant (250), Park Slope (230), East New York / Spring Creek (167), Gravesend / Mapleton (165), Bay Ridge / Fort Hamilton (157), and Bushwick / Wyckoff Heights (139).

Queens neighborhoods with the most home sales were; Flushing (539), Rego Park/Forest Hills/Kew Gardens (463), Jackson Heights/Elmhurst (286) and Richmond Hill/South Ozone Park/Woodhaven (286),

Bronx neighborhoods with most residential home sales this quarter were Riverdale/Fieldston (132), Parkchester/Westchester Square/ Castle Hill/Soundview (110 sales), City Island/Pelham Bay/Pelham Strip/Country Club/Throgs Neck/Schuylerville (98), and Woodlawn/Williamsbridge (84).

### All Homes

The average sales price of a home in New York City during the third quarter of 2013 was \$806,000, a 3 percent increase from the third quarter of last year. The aver-

Real Estate Board of New York

## Executive Summary

age sales price of a home in Manhattan increased 2 percent from last year's third quarter to \$1,404,000.
