# Subject Brief

ENDEAVOUR College of Natural Health

## WHMF221

## Herbal Medicine Pharmacology and Pharmacognosy

## General information

| Awards | Subject type | Study year | Study Semester |
|---|---|---|---|
| Bachelor of Health Science (Naturopathy) | Core | Year 2 | Semester 3 |

EFTSL: 0.125

Delivery mode: Livestream

Co-requisites: Nil

Pre-requisites: WHMF121

## Subject overview

This subject introduces students to the study of herbal medicine pharmacology and pharmacognosy. Through investigation of the major chemical constituents found in plants and the biological influences of those constituents in the human body, students gain a deeper understanding of the properties, actions and therapeutic activities of herbs and their potential for managing different health conditions alongside consideration of toxicity and safety.

## Assessments

- Week 5: Online Quiz
- Week 11: Written Assignment
