- Weeks 1-12: On campus (single day attendance each week; 100% attendance required);
- Weeks 1-12: Livestream and online modules

Co-requisite: CMCP322

Pre-requisites: Nil

Subject overview

Within this capstone clinical subject comprising case-based discussion, tutorial activities, and clinical placement within Endeavour clinical practice facility/s, students will consolidate their knowledge and skills in the practice of Chinese medicine. Within clinical placements, students will practice unpaired whenever possible within the Endeavour clinical practice facility/s, demonstrating their readiness to enter clinical practice in their chosen profession. Students will apply skills in critical reflection and data analysis to evaluate an aspect of their performance within their undergraduate clinical training experiences. Students will generate a professional development plan to guide their post-graduation transition and further education.

Assessments

- Week 4: Written Assginment
- Week 10: In person oral presentation
- Week 6 and 12: Continuous Skills Assessment
