### Admission Criteria – Undergraduate courses

Courses to which the criteria below apply<sup>1</sup>:

- Bachelor of Health Science (Acupuncture Therapies)
- Bachelor of Health Science (Chinese Medicine)
- Bachelor of Health Science (Naturopathy)
- Bachelor of Health Science (Nutritional and Dietetic Medicine)
- Diploma of Health Science
- Diploma of Health Science (Chinese Remedial Massage)

<sup>1</sup> No enrolments will be taken into other accredited courses in 2023.

### **Applicants with higher education study**

Applicants with any previous completed higher education study will be required to provide evidence of this study in the form of an academic transcript and testamur.

Applicants with any previous incomplete higher education study will be required to provide evidence of this study in the form of an academic transcript.

If the higher education study was completed in a country other than Australia, the applicant must provide evidence that the qualification has been assessed as equivalent to an Australian higher education qualification.

If the applicant wishes to apply for credit for previous study, they must apply through the relevant Educational Pathways process as outlined below.

All applicants must attend a final admissions interview upon submission of their enrolment paper work. Admissions interviews may be conducted face to face, by other verbal medium (e.g. teleconference or Skype) or a combination of these mediums. At the completion of the admissions process an applicant may be directed to complete modules on the Learning Support Hub to support successful transition to study.

All applicants for entry to any College must meet minimum computer literacy standards as determined by the College and have unrestricted access to the internet and a personal email account.

Domestic applicants to the Bachelor and higher education Diploma courses must be 18 years of age or turn 18 within their first semester of study. International applicants and anyone enrolling in the Undergraduate Certificate courses must be 18 years of age or older.

It is the responsibility of all potential students to read and understand the Inherent Course Requirements for the course into which they are seeking admission and accept the Inherent Course Requirements prior to initial enrolment in the course (where stated).

All applicants must meet the minimum English language requirements for their chosen course of study.

### **Applicants with vocational education and training (VET) study**

Applicants with any previous completed VET study will be required to provide evidence of this study in the form of an academic record and testamur.

Applicants with any previous incomplete VET study will be required to provide evidence of this study in the form of an academic record or a statement of attainment.

If the VET study was completed in a country other than Australia, the applicant must provide evidence that the qualification has been assessed as equivalent to an Australian higher education qualification.

If the applicant wishes to apply for credit for previous study, they must apply through the relevant Educational Pathways process as outlined below.

All applicants must attend a final admissions interview upon submission of their enrolment paper work. Admissions interviews may be conducted face to face, by other verbal medium (e.g. teleconference or Skype) or a combination of these mediums. At the completion of the admissions process an applicant may be directed to complete modules on the Learning Support Hub to support successful transition to study.

All applicants for entry to any College must meet minimum computer literacy standards as determined by the College and have unrestricted access to the internet and a personal email account.

Domestic applicants to the Bachelor and higher education Diploma courses must be 18 years of age or turn 18 within their first semester of study. International applicants and anyone enrolling in the Undergraduate Certificate courses must be 18 years of age or older.

It is the responsibility of all potential students to read and understand the Inherent Course Requirements for the course into which they are seeking admission and accept the Inherent Course Requirements prior to initial enrolment in the course (where stated).

All applicants must meet the minimum English language requirements for their chosen course of study.

### **Applicants with recent secondary education (within the past two years)**

Students entering Bachelor courses are expected to have completed Year 12 or an equivalent qualification.

All applicants must attend a final admissions interview upon submission of their enrolment paper work. Admissions interviews may be conducted face to face, by other verbal medium (e.g. teleconference or Skype) or a combination of these mediums. At the completion of the admissions process an applicant may be directed to complete modules on the Learning Support Hub to support successful transition to study.

All applicants for entry to any College must meet minimum computer literacy standards as determined by the College and have unrestricted access to the internet and a personal email account.

Domestic applicants to the Bachelor and higher education Diploma courses must be 18 years of age or turn 18 within their first semester of study. International applicants and anyone enrolling in the Undergraduate Certificate courses must be 18 years of age or older.

It is the responsibility of all potential students to read and understand the Inherent Course Requirements for the course into which they are seeking admission and accept the Inherent Course Requirements prior to initial enrolment in the course (where stated).

All applicants must meet the minimum English language requirements for their chosen course of study.

### **Applicants with work and life experience**

Mature age students (21 years or over) who have not completed Year 12 or other previous study and who have relevant work or life experience that indicates they would be able to manage the level of coursework required will be considered for admission on a case by case basis.

All applicants must attend a final admissions interview upon submission of their enrolment paper work. Admissions interviews may be conducted face to face, by other verbal medium (e.g. teleconference or Skype) or a combination of these mediums. At the completion of the admissions process an applicant may be directed to complete modules on the Learning Support Hub to support successful transition to study.

All applicants for entry to any College must meet minimum computer literacy standards as determined by the College and have unrestricted access to the internet and a personal email account.

Domestic applicants to the Bachelor and higher education Diploma courses must be 18 years of age or turn 18 within their first semester of study. International applicants and anyone enrolling in the Undergraduate Certificate courses must be 18 years of age or older.

It is the responsibility of all potential students to read and understand the Inherent Course Requirements for the course into which they are seeking admission and accept the Inherent Course Requirements prior to initial enrolment in the course (where stated).

All applicants must meet the minimum English language requirements for their chosen course of study.

## Additional Information

### Aboriginal and Torres Strait Islander people

- Endeavour College of Natural Health offers scholarships for students of Aboriginal and Torres Strait Islander descent (full-time study only):
  - Aboriginal and Torres Strait Islander Commencement Scholarship – This scholarship is for full-time students of Aboriginal and Torres Strait Islander descent who are commencing in year one of any Bachelor of Health Science degree. The recipients of this Scholarship will be awarded a payment of \$1,500 after the census date of their first semester of full-time study has passed, to assist with the general costs associated with commencing higher education study.
  - Aboriginal and Torres Strait Islander Commencement Textbook Pack – This scholarship is for full-time students of Aboriginal and Torres Strait Islander descent who are commencing in the Diploma of Health Science. The recipients of this Scholarship will be awarded a reimbursement of the cost of their first semester textbook pack after the census date of their first semester of full-time study has passed, to the value of \$660.

### Other Domestic student scholarships

- Endeavour College of Natural Health offers other scholarships for domestic students looking to enter full-time study:
  - Full-time Study Scholarship – This scholarship is for new full-time students who are commencing in either the Bachelor of Health Science (Naturopathy) or the Bachelor of Health Science (Nutritional and Dietetic Medicine) degree. This includes all commencing full-time students including those graduating from the Diploma of Health Science and upgrading to the degree. The recipients of this Scholarship will be awarded tuition support (financial) of four credit points worth of study each semester for the duration of the course. This could equate to up to 25% of the course tuition fees. **Note:** recipients must maintain a pass grade, scholarship is applied to the first attempt of a subject only, and if the student moves to a study load less than 100% the scholarship will conclude.
  - Academic Achievers School Leavers Scholarship – This scholarship is for full-time domestic students who have graduated high school in the past three (3) years and who are commencing in the Diploma of Health Science. The recipients of this Scholarship will be awarded tuition support (financial) of four credit points worth of study each semester for the duration of the course (up to a total of eight credit points of tuition support).

### Domestic applicants with overseas qualifications

Applicants seeking admission based on undergraduate qualifications from overseas must provide evidence that the undergraduate qualification achieved is equivalent to the relevant Australian qualification requirements for admission. Each State government has a separate Overseas Qualification Unit to undertake such assessments of qualifications; further information can be found here:

<https://internationaleducation.gov.au/services-and-resources/pages/qualifications-recognition.aspx>

An applicant seeking admission who cannot provide documentary evidence of previous qualifications due to special circumstances (e.g. refugee) must provide a statutory declaration stating the qualification and the reasons for the inability to obtain the documentation.

### English language proficiency

Higher Education applicants for whom English is an additional language including permanent residents must have a grasp of the English language appropriate to higher education study, and will be required to show evidence of English

language proficiency to a certain level depending on the degree and College entity. These levels have been set to ensure the student will have the ability to successfully engage in study in their selected field. Refer to the English Proficiency Policy – Higher Education for further details. At the discretion of each College, prospective students may be required to undertake an assessment of English language at their own cost and, depending on the course of enrolment, achieve a result at least equivalent to:

**Bachelor of Health Science (Acupuncture Therapies), Bachelor of Health Science (Chinese Medicine) and Diploma of Health Science (Chinese Remedial Massage):**

- IELTS 7.0 (overall score) – no sub-score less than 6.5
- Cambridge English: Advanced (CAE 185-190, no sub-score less than 176)
- Pearson (PTE) Academic Score of 65 (overall score, with a communicative skills score in writing of 58 or above)
- Internet based (iBT) TOEFL (Test of English as a Foreign Language) score of 100 (with a minimum of 24 or above in writing).

**All other Bachelor degrees and Undergraduate Certificates (other than Human Biology, as below):**

- IELTS 6.5 (overall score – no sub-score less than 6.0)
- Cambridge English: Advanced (CAE 176-184)
- Pearson (PTE) Academic Score of 59 (overall score)
- Internet based (iBT) TOEFL score of 90.

**Diploma of Health Science and Undergraduate Certificate in Human Biology:**

- IELTS 6.0 (overall score – no sub-score less than 5.5)
- Cambridge English: First (FCE 169-175)
- Pearson (PTE) Academic Score of 52 (overall score)
- Internet based (iBT) TOEFL score of 79.

**Advanced standing / academic credit / recognition of prior learning – Educational Pathways**

Applicants wishing to apply for advanced standing / academic credit / recognition of prior learning must apply through the Educational Pathways department.

To first identify the amount of credit you may be eligible for, please go to the Articulation Abacus (<https://abacus.endeavour.edu.au/>) and enter the details of your previous qualifications.

All other information on the relevant credit recognition processes (including application forms) can be found on the College's website: <https://www.endeavour.edu.au/credit-recognition/>

## How to Apply

Apply directly online:

<https://apply.endeavour.edu.au/>

Talk to us:

Endeavour's team of friendly Admissions Advisers are on hand to answer any questions and to assist with your enrolment.

Call us on **1300 462 887** during the following times:

Monday to Friday – 8:00am to 6:00pm AEST

You can also submit an online Course Enquiry and we will contact you: <https://www.endeavour.edu.au/course-enquiry>

## Enrolment

After all paperwork has been submitted and your enrolment interview is completed, you will receive a confirmation of enrolment. After enrolment is confirmed:

- To accept your enrolment, you must provide verbal consent at the conclusion of your enrolment interview (domestic students).
- International students must accept their offer of enrolment by signing and returning the Offer of Enrolment letter.
- Applications for advanced standing / credit / RPL can be sent to the Educational Pathways department at any time via the processes and forms on the College's website: <https://www.endeavour.edu.au/credit-recognition/>
- If an international student wishes to defer their start date or suspend their studies after the start date, they must complete and return the [Defer, Suspend or Cancel Enrolment Form – International](#), as per the [Deferring, Suspending or Cancelling Enrolment Policy – International](#).
- If a domestic student wishes to defer their start date or suspend their studies after the start date, they must complete and return the Leave of Absence form on as per the [Deferral, Withdrawal and Course Variation Policy – Higher Education](#).
- All fees and charges for domestic students are outlined on the website at: <https://www.endeavour.edu.au/future-students/fees-and-payment-options>
- All fees and charges for international students are outlined on the website at: <http://international.endeavour.edu.au/courses/intakes-fees>
- Policies relating to fees and any changes to fees for domestic students are the:
  - [Fees Policy – Higher Education](#)
  - [Remission of Fees due to Special Circumstances Policy – Higher Education](#)
- Policies relating to fees and any changes to fees for international students are the:
  - [Fees Policy – International](#)
  - [Refund Policy – International](#)
  - [Remission of Fees due to Special Circumstances Policy – Higher Education](#)
- Fees are subject to change throughout the life of the course. Fee changes will be published with appropriate notice and will be made available on the website and relevant student documents.

## Student and Campus Services

Services available for students include:

- Library Services – every campus has its own hard copy library including a number of computers to access digital library services. For more information, see the website: [https://ecnh.ent.sirsidynix.net.au/client/en\\_GB/ecnh](https://ecnh.ent.sirsidynix.net.au/client/en_GB/ecnh)

- Careers Services – Endeavour has its own Career Services Manager who runs regular careers sessions around the country and can discuss your career concerns one-on-one. For more information, see the website: <https://www.endeavour.edu.au/careers-service>
- Peer Support Services – Endeavour provides access to TalkCampus, a free peer support app for students who are struggling or worried about their mental health, accessibly 24 hours a day, 7 days a week. For more information, see the website: <https://www.endeavour.edu.au/current-students/support-services/talk-campus/>
- Assignment feedback services – To support students in their studies, Endeavour has partnered with Studiosity to provide personalised study help anytime of day or night. For more information, see the website: <https://www.endeavour.edu.au/studiosity/>
- Access to computers – each campus has a number of computers for student use located in the library. Please discuss with your local librarian about how to use these or if bookings are required at certain busy times.
- Learning assistance - Our Academic team offer academic consultation for students, outside of class time, who may need some more support in their on campus or online subjects. Students can book a private academic consultation via the Help / Consultations page on the [Learning Management System \(LMS\)](#).
- Students can also book consultations via the Consultations page on the LMS with Student Success Advisers, Student Wellbeing Advisers, Librarians, Careers Services Consultants or an International Student Success Coordinator.
- Other support services – the College offers a number of support services to students to enable them to have the best chance of success in their studies. For more information, see the website: <https://www.endeavour.edu.au/current-students/support-services>

## Financial Assistance

- Endeavour College of Natural Health offers some scholarship opportunities for those studying full-time, which can be found under the [Additional Information](#) section above.
- Fee-Help – Domestic students studying any of our higher education programs may be eligible to access FEE-HELP, a tuition loans scheme offered by the Federal government. FEE-HELP allows students to defer all or part of the cost of their study and pay it off through the taxation system once they are working full time. See our website for more information: <https://www.endeavour.edu.au/future-students/fees-and-payment-options>
- Austudy - Endeavour's degrees are approved for Austudy, for those students with a minimum 75% study load.

## Student Profile

These figures are indicative of annual student intake numbers and are subject to vary annually and from intake to intake.

| Applicant Background                                                       | Course                                                                         | 2023 intakes       |                                      |
|----------------------------------------------------------------------------|--------------------------------------------------------------------------------|--------------------|--------------------------------------|
|                                                                            |                                                                                | Number of Students | Percentage of all student enrolments |
| i. Past higher education study<br>(includes a bridging or enabling course) | Bachelor of Health Science (Acupuncture Therapies)                             | 42                 | 4.05%                                |
|                                                                            | Bachelor of Health Science (Chinese Medicine)                                  | 34                 | 3.28%                                |
|                                                                            | Bachelor of Health Science (Naturopathy)                                       | 136                | 13.31%                               |
|                                                                            | Bachelor of Health Science (Nutritional and Dietetic Medicine)                 | 51                 | 4.92%                                |
|                                                                            | Diploma of Health Science                                                      | 78                 | 7.52%                                |
|                                                                            | Diploma of Health Science (Chinese Remedial Massage)                           | 15                 | 1.45%                                |
|                                                                            | Undergraduate Certificate in Building Health Through Nutrition*                | L/N                | L/N                                  |
|                                                                            | Undergraduate Certificate in History and Philosophy of Complementary Medicine* | L/N                | L/N                                  |
|                                                                            | Undergraduate Certificate of Human Biology*                                    | L/N                | L/N                                  |
|                                                                            | Undergraduate Certificate of Lifestyle Coaching*                               | 6                  | L/N                                  |
