Nandi Loaf is an American artist living and working in NYC. Loaf’s work utilizes conceptual interventions to reimagine the value of the emerging artist. Through self-described methodologies of ‘hyper-participation’, Loaf has instigated and proliferated her practice in a myriad of uncanny and self-aware ways over the last few years. Recent group shows include La Kaje, NYC, Love, NYC (loveclub.tv), and At Peace Gallery, NYC. Previous solo and two-person exhibitions include Bible, NYC, and Springsteen Gallery, Baltimore, MD.
