Its vast territory allows you to find a great diversity of natural landscapes, from the plain to the mountains, from the desert to the forests, from small rivers to long rivers, from the sea to large lakes... It is difficult not to find what we love in China. With a long history of more than 5,000 years and its many ethnic groups that populate it, China also offers a vast cultural panel with many faces to discover

On China's central coast, Shanghai is the country's largest city, but also an international financial center. At its heart is the Bund, a famous waterfront promenade lined with colonial-era buildings.
