GUIDE**

1. WELCOME

UCI PRESIDENT'S WELCOME MESSAGE

We are all preparing for a momentous cycling event that will mark the history of our sport. The 2023 UCI Cycling World Championships taking place in Glasgow and across Scotland will feature 11 days of exceptional, non-stop cycling action never-before witnessed in our sport.

This combined, multi-discipline event was one of my visions when I was first elected UCI President in 2017. I am incredibly excited that this vision is soon to become a reality, and that you will be part of it.

The beauty and diversity of our sport will be on show across the globe as the best athletes in the world vie for the rainbow jersey in cycling's many and varied disciplines.

It is no mean feat to bring together 13 UCI World Championships, including those for our five Olympic disciplines, in a single event. It has been possible thanks to the commitment, dedication and hard work of our different stakeholders, all motivated by a passion and desire to see cycling break new boundaries.

Our hosts in Glasgow and across Scotland have undertaken an enormous challenge to welcome this first edition that will be repeated every four years, the year before the Summer Olympic Games.

We have all been working closely to ensure that each and every one of these UCI World Championships taking place from 3 to 13 August will live up to the expectations of our National Federations, their athletes and cycling fans.

To ensure you can gain the maximum benefit from this exceptional occasion, we have produced this Technical Guide with practical information about each event and your stay in Scotland. I trust you will find it useful as you enter the final stretch of preparation for this historic event.

I look forward to seeing you in Glasgow and across Scotland.

See you there!

SCOTLAND WELCOMES THE WORLD

As the 2023 UCI Cycling World Championships continue to power the bike, in collaboration with funders and partners to reach the start of 11 days of exhilaration, competition and the joy that cycling brings, we look forward to sharing this inaugural spectacle with the world!

The Championships are an event like no other. Not only will it bring over 8000 elite and amateur athletes from 13 UCI Cycling World Championships together for the first time, it will also inspire more people across Scotland and the world to get on a bike. The policy led approach to the delivery of this inaugural event strives for increased participation, better inclusion and accessibility, with sustainability at its heart. Cycling, and the freedom and joy it brings to people, as well as its role in saving the planet are to be embraced, and Scotland, as ever, is the perfect stage for all of this to unfold.

A country of spectacular mountains, extinct volcanos, and world-renowned warmth from its people awaits those elite cyclists and para-cyclists, amateur riders, cycling enthusiasts and fans as part of an unforgettable celebration of the bike.

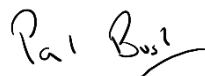

The 2023 UCI Cycling World Championships has a schedule which will boast a world class line-up of elite cycling competitions, designed to unite Scotland while sharing an inspirational cycling message with the world. It has been created by the UCI, the Organising Committee of the 2023 UCI Cycling World Championships, host cities and key stakeholders to give an unrivalled live spectator and TV viewing experience, packed full of daily elite finals and nonstop action with at least three championships on display each day of the 2023 UCI Cycling Worlds.

In a first for a UCI World Championships, the Women Elite road race will bring the curtain down on the Championships, on Sunday 13 August. In addition to championing female cyclists, the decision to stage the Men Elite road race on the opening weekend and the Women Elite road race on the closing day was taken to ensure the best possible alignment with the UCI Road International Calendar.

The 2023 UCI Cycling World Championships will be set against the backdrop of some of Scotland's most iconic and spectacular cities and locations. Hosted everywhere from metropolitan Glasgow to the Highlands of Fort William, the Championships is proudly a pan-Scotland event. The power of the bike will take a global audience on a breath-taking tour, visiting landmarks rich with history like Stirling and Edinburgh Castle, to jaw dropping landscapes at Nevis Range and Loch Lomond.

Scotland has earned a world-renowned reputation for its major event hosting over the past decade, bringing The Ryder Cup, Commonwealth Games in 2014, World Gymnastics Championships 2015, European Championships 2018, and UEFA EURO 2020.

Scotland is getting ready; our volunteers are getting ready, and our warmest welcome will meet you in Scotland for this inspiring and innovative event. We cannot wait to see you in 2023!

GLASGOW: A UCI BIKE CITY SINCE 2019

Glasgow's vision is to create a vibrant bike-friendly city where cycling is accessible, safe and attractive to all. This vision is part of an overall effort to make the city more liveable, and has led to the development of a new Transport Strategy, Active Travel Strategy and Liveable Neighbourhoods Plan. By delivering a practical city network and encouraging positive community engagement, Glasgow is transforming its streets into welcoming environments for all bike users. Residents are encouraged to choose active travel as their preferred means of transport, in line with the city's ambitious goal of achieving net zero carbon by 2030.

The 2023 UCI Cycling World Championships will be a catalyst in Glasgow and throughout Scotland to inspire real and lasting change in people's approach to cycling as a sport, a healthy transport solution and a powerful tool against climate change and other global threats.

The ½ Finals round shall consist of three laps of five sections. The commissaires' panel will set the competition time according to the number of entered riders.

Final round

The best six riders in the ½ Finals round will be eligible to compete in the Finals round. The scores gained in the ½ Finals round do not count in the Finals round.

Final procedure

At the Finals round it will be applied the six-by-six system:

Before the start, the six riders will be presented on the start podium, in inverse order to the position obtained in the ½ Finals round. After the presentation, they must go to section one.

The order to start will be determined by the result obtained in the ½ Finals round. Rider that obtained the sixth place shall start first in section one and so on. The same principle applies for the remaining sections.

Once a rider finishes a section, the next rider has maximum thirty seconds to start the section. After this thirty second the section time is running.

In case of tie, article 7.1.047 of the UCI Trials Regulations shall apply.

The start order of the riders in each national team is determined by each team manager.

The first rider to start the competition belongs to the national team with the lowest UCI points. The second rider is from the national team with the second lowest UCI points and so on. The same procedure applies for the remaining riders.

Riders ride the sections one by one and only once.

7.5.004 Section description

The section, which must be split in five sectors, has to be designed/built according to the UCI trials section building guide. Each sector is composed by different obstacles marked with four different levels (gates).

The length of a section must be between 30 to 50 m and it must be lineal or in a U-shape.

The five sectors of each section must be clearly defined by a cross-wise tape on the ground in order to identify each part.

Each sector must contain the four different levels (gates) indicated with coloured arrows. Riders will get a different score depending on the level (gate) they choose to ride.

Points scored with each level (gate)

- White gate: 10 points
- Blue gate: 20 points
- Red gate: 30 points
- Yellow gate: 40 points

7.5.006 Results

In case of tie, the national team that scored points riding on the highest level (gate) will break the tie.

BMX Freestyle Park

The BMX Freestyle Regulations are located on the UCI website at the following [link](#)

6bis.6.003 A BMX Freestyle Competition for each category may be composed of the phases (Qualification, Semi-final or Final) described below, and within each phase, a number of heats.

For Park Competitions, a heat is a group which comprises 4-6 riders. In the case of 7 entries, the heat will consist of 7 riders.

The combination of phases and heats (if applicable) for a category depends on the number of entries and is found in the following table.

Number of entries	Competition phases	Qualification rule	Number of heats
5 - 8 entries	2 phases: Qualification x 1 Final x 1	Top 4 in Qualification advance to Final	Qualification: as below 1 heat of 4 in Final
9 – 15 entries	2 phases: Qualification x 1 Final x 1	Top 8 in Qualification advance to Final	Qualification: as below 2 heats of 4 in Final
16 - 31 entries	2 phases: Qualification x 1 Final x 1	Top 12 in Qualification advance to Final	Qualification: as below 2 heats of 6 in Final
More than 31 entries	3 phases: Qualification x 1 Semi-final x 1 Final x 1	Top 24 in Qualification advance to Semi-final Top 12 in Semi-final advance to Final	Qualification: as below 4 heats of 6 in Semi-Finals 2 heats of 6 in Final

Number of heats: The number of heats in each round is found in the table above. For the Qualification phase, the number of heats should be chosen such that as many heats as possible have 4-6 riders.

Whenever it is not possible for all heats to have 6 riders, a number of heats will have either 4, 5 or 6 riders according to the table in annexe II. By preference, heats should be formed with the highest number of riders possible. Any heats that do not have 6 riders, will be at the start of the heat order.

6bis.6.004 A run is the individual unit of Competition in a BMX Freestyle Event, during which a rider performs a routine consisting of various tricks, which is evaluated by the judges.

Park Competitions

At all phases of the Competition, within each heat, each rider shall do 2 runs.

In general, riders do their first run in the start order defined in article 6bis.6.005. Once the final rider in the order within each heat has taken their first run, the riders will do their second run in the same order.

Start Order

6bis.6.005 Qualification Phase

Park Competitions

Within the Qualification phase, riders are randomly assigned to each heat.

However, in case an event that is part of a series, the Qualification phase shall instead be done in reverse order of the current series ranking; that is, riders are assigned to their heats in order, starting with the unranked or lowest ranked riders, and ending with the highest ranked riders in the last heat.

In such a case, within each heat, the start order continues to be in reverse order of ranking, so that the highest ranked rider within each heat goes last in that heat. Any unranked riders are seeded randomly in the first heats in the order.

The UCI BMX Freestyle Park Individual ranking as of 30 May 2023 will be used to establish the qualification Start order.

6bis.6.006 Within the Semi-final phase (if done), the start order is in reverse order of the results of the Qualification phase.

6bis.6.007 Within the Final phase, the start order is in reverse order of the results of the preceding phase.

6bis.6.008 Within each phase of the Competition, the riders in each heat are entitled to a warm-up before their heat begins.

Park Competitions: a minimum 40 second warm-up must be given.

6bis.6.009 In the Semi-final (if held) and the Final, any rider who is not present within the Field Of Play (FOP) or the riders' area as described in the Competition Guide at latest by the start of the 15 minute warm-up period preceding that phase, shall not be allowed to start. They will be scored as DNS ("Did Not Start") for the phase in question.

6bis.6.010 In case one or more riders do not start in a Semi-final or the Final for the reason of missing the deadline described in article 6bis.6.009, the heats shall be redrawn as described in article 6bis.6.003.

In case one or more riders withdraw (or are disqualified or refused their start) once the deadline described in article 6bis.6.009 has passed, the heats will not be changed.

BMX Freestyle Flatland

6bis.6.003 A BMX Freestyle Competition for each category may be composed of the phases (Qualification, Semi-final or Final) described below, and within each phase, a number of heats.

For Flatland Competitions, riders are organised into heats at the discretion of the organiser, Periodic breaks may be inserted into the program in order to allow for rider rest and warm-up.

The combination of phases and heats (if applicable) for a category depends on the number of entries, and is found in the following table.

Number of entries	Competition phases	Qualification rule
3 - 4 entries	1 phase: Final x 1	All entered riders participate in the Final
5 - 8 entries	2 phases: Qualification x 1 Final x 1	Top 4 in Qualification advance to Final
9 – 15 entries	2 phases: Qualification x 1 Final x 1	Top 8 in Qualification advance to Final
16 - 21 entries	3 phases: Qualification x 1 Semi-final x 1 Final x 1	Top 12 in Qualification advance to Semi-final Top 8 in Semi-final advance to Final
More than 21 entries	3 phases: Qualification x 1 Semi-final x 1 Final x 1	Top 16 in Qualification advance to Semi-final Top 8 in Semi-final advance to Final

6bis.6.004 Flatland Competitions

At all phases of the Competition, within each heat, each rider shall do 1 run; this run shall be done by the riders in the start order defined in article 6bis.6.005.

6bis.6.005 Qualification Phase

The start order in the Qualification phase is done at random, unless a series ranking is used; in that case, the start order of the Qualification phase is done in reverse order of the series ranking among the riders who are present. Unranked riders shall ride first, in random order.

The UCI BMX Freestyle Flatland Individual ranking as of 30 May 2023 will be used to establish the qualification start order.

6bis.6.006 Within the Semi-final phase (if done), the start order is in reverse order of the results of the Qualification phase.

6bis.6.007 Within the Final phase, the start order is in reverse order of the results of the preceding phase.

6bis.6.008 Within each phase of the Competition, the riders in each heat are entitled to a warm-up before their heat begins.

Within each phase, a 3-minute warm-up period will be allowed on the riding surface of the Flatland Area at most every 8 riders. The first such group of riders shall also be entitled to this 3-minute warm-up prior to starting the Competition.

6bis.6.009 In the Semi-final (if held) and the Final, any rider who is not present within the Field Of Play (FOP) or the riders' area as described in the Competition Guide at latest by the start of the 15 minute warm-up period preceding that phase, shall not be allowed to start. They will be scored as DNS ("Did Not Start") for the phase in question.

6bis.6.010 In case one or more riders do not start in a Semi-final or the Final for the reason of missing the deadline described in article 6bis.6.009, the heats shall be redrawn as described in article 6bis.6.003.

In case one or more riders withdraw (or are disqualified or refused their start) once the deadline described in article 6bis.6.009 has passed, the heats will not be changed.

15. ANNEX 1: QUOTA - 2023 UCI BMX FREESTYLE PARK

Introduction

Quota by nation for the 2023 UCI World Championships BMX Freestyle Park, which will be held during the 2023 UCI Cycling World Championships in Glasgow in Scotland. The quota system will allow the most active nations in BMX Freestyle Park the ability to be well represented, while still giving all countries the ability to send a minimum of 1 rider in each category. This will also ensure that the number of entries will remain at a level that allows the event to be completed in the time available.

Qualification Ranking by Nation

6bis.11.006 A ranking by nation for Men Elite and Women Elite is drawn up for BMX Freestyle Park. The ranking by nation is calculated by summing the points of the two best placed riders for men and the two best placed riders for women from each nation in the UCI BMX Freestyle Individual Ranking. A rider's points are awarded to the nation of this nationality, even if he is a license holder of the federation of another country. Tied nations have their relative positions determined by the place of their best rider on the individual UCI BMX ranking.

6bis.10.004 Each national federation shall be entitled to enter 2 reserve riders in each category. The final deadline to change entered riders for reserve riders is the end of the riders' confirmation period defined within the official event schedule.

6bis.10.005 For the Park discipline (only), each national federation shall be permitted to enter a maximum number of riders in each category, as determined by the Ranking by Nation closest in time to the deadline published by the UCI for each such category for the UCI World Championships of the year in question. The maximum quota available to each national federation defined by that quota for each category is found in the table below.

Quota

Quota spots will be awarded for each category using the qualification ranking described here for that category, as follows:
