Welcome to Ballerup Super Arena, a world-class sports and entertainment venue located in Ballerup, Denmark. From the 16th to the 20th of October, the arena will host the world's greatest track cycling racers in the legendary World Championships and the exciting hunt for the rainbow jerseys. With more than 15,000 spectators expected over the five days, the 2024 Tissot UCI Track World Championships are set to be a fantastic celebration of track cycling.

Our arena has a proud history of hosting major international events, including the UCI Track World Championships in 2002 and 2010. Denmark has a rich cycling heritage, both on and off the track, and an ever-growing biking culture, which has created a strong foundation of support for the 2024 Tissot UCI Track World Championships.

The Danish Cycling Federation, along with our partners, welcomes all nations and riders to what promises to be a fantastic, well-organized, and fun competition.

2024 Tissot UCI Track World Championships, Ballerup

What a pleasure to return to Denmark's Ballerup Super Arena with our Tissot UCI Track World Championships. It will be the third time we hold the event in this magnificent velodrome, after 2002 and 2010.

Both previous editions were unqualified successes, and I know that we are in for another memorable event from 16 to 20 October. Taking place just over two months after the Olympic Games and one month before the first round of the UCI Track Champions League, the 2024 Tissot UCI Track World Championships come at a crucial time for the athletes.

Fans will be able to see newly-crowned Olympic Champions and reigning UCI World Champions in action, all vying to earn the right to wear the prestigious rainbow jersey for the next 12 months. The level of racing is going to be exceptional!

An event of this size and importance requires watertight organisation, and I take this opportunity to thank the Danmarks Cykle Union and its President ad interim Johnny Lillelund. Denmark is a strong cycling nation, not only when it comes to Elite competition but also with its promotion of a cycling culture and way of life. This is thanks in very large part to the work of the National Federation, which caters to cyclists of all levels.

This month, Denmark welcomes the world's Elite, and my thanks also go to the event's sponsors, other partners and volunteers who are committed to ensuring the success of the 2024 Tissot UCI Track World Championships.

The Ballerup Super Arena is about to provide the stage for five days of exceptional track cycling. I wish everyone the very best of luck!

2024 Tissot UCI Track World Championships, Ballerup

Dear Athletes, Coaches, Officials, Spectators, Media, and Union Cycliste Internationale (UCI),

Cycling holds a special place in the hearts of Danes, and Denmark boasts a proud tradition of hosting world-class cycling events. At Ballerup Super Arena, our national velodrome, we've had the honor of hosting the UCI Track Cycling World Cups and the UCI Track World Championships in 2002 and 2010. We are excited to continue this legacy, just minutes from the vibrant center of Copenhagen.

Denmark's commitment to cycling is unwavering, and we aim to make this year's 2024 Tissot UCI Track World Championships more than just races in the velodrome. Our focus is on sustainable solutions, creating engaging fan experiences, and sharing the unique Danish spirit of hygge.

We can't wait to showcase Denmark's exceptional ability to meet the needs of athletes, officials, and fans alike, as well as the enthusiasm and dedication of the volunteers who will go above and beyond to make your time here unforgettable.

This event is a result of close collaboration between Ballerup Municipality, Copenhagen Municipality, and Sport Event Denmark. Together, we are thrilled to share our passion for cycling with you.

We hope you leave with fond memories and outstanding results from your time at the Ballerup Super Arena.

On behalf of all the partners,
Best regards,

Johnny Lillelund
Acting President, Danish Cycling Federation

About the Velodrome

Welcome to Ballerup Super Arena, a world-class sports and entertainment venue located in Ballerup, Denmark. Our arena has a proud history of hosting major international events, including the UCI Track World Championships in 2002 and 2010. During these two events, Ballerup Super Arena had the privilege of welcoming the world's best cyclists as they competed for the title of world champion. The events were a huge success and demonstrated our arena's capability to host major international competitions.

The 2002 UCI Track World Championships were particularly significant, as they marked the first time the event was held at Ballerup Super Arena. The competition featured over 300 athletes from 38 countries, who competed in a range of track cycling disciplines, including sprint, keirin, and pursuit. In 2010, Ballerup Super Arena once again hosted the UCI Track World Championships, with over 400 athletes from 42 countries competing for the world title. The event was a spectacular display of athleticism and skill, further showcasing our arena's capacity to host world-class events.

In addition to hosting international events, Ballerup Super Arena is also home to the local cycling club, Dansk Bicycle Club (DBC). Founded in 1881, the club has a long history of promoting cycling within the community. With over 800 members, the club offers a variety of cycling programs for all ages and skill levels, including track and road cycling. We invite you to experience Ballerup Super Arena for yourself at the 2024 Tissot UCI Track World Championships.
