- The rider with the fastest qualification time has priority on their start position (1 or 2).
- The rider must line up at the start line, with one foot on the ground.
- The time starts running as soon as the riders cross their start / finish timing line and stops when they cross it again.
- The fastest rider will advance to the next round.

- If a rider does not complete a full run, rider will be scored DNF without re-run.

- The winner of the heat is the rider with the fastest combined time and they advance to the next round.
- **In the event of a tiebreak (two or more riders have the same time) the time from the Qualification round will determine the winner.**

Example of track and timing layout.

The rider is entitled to primes and prizes won during cycling competitions in which he/she rode for the team, in accordance with the regulations of the UCI and its affiliated federations. Primes and prizes must be paid as promptly as possible, but at latest on the last working day of the month following that in which said primes and prizes were won.

#### ARTICLE 7 - Miscellaneous obligations

1. The rider may not, for the duration of the present contract, work for any other team or advertise for any other sponsors than those belonging to the (name of team), except in such cases as are provided for in the Regulations of the UCI and of its affiliated federation.
2. The paying agent undertakes to allow the rider to exercise his activity properly by providing the equipment and clothing required and allowing him to take part in an adequate number of cycling events, either as part of a team or individually.
3. The rider may not compete in a race as an individual without the express consent of the paying agent. The paying agent is deemed to have given its agreement if it has not replied within a period of ten days from the date of the request. In no case may the rider take part in a race within any other structure or a mixed team if the (name of the team) has already entered for that race. In the event of selection for a national team, the paying agent is required to permit the rider to participate in such races and preparatory programmes as may be determined by the national federation. The paying agent must authorise the national federation, acting on its own behalf, to give to the rider any instructions of a purely sporting nature that it deems necessary in the context of and for the duration of the selection.

In none of the aforementioned cases, the present contract is suspended.

#### ARTICLE 8 – Transfers

On the expiry of the present contract, the rider is entirely free to sign a new contract with some other employer, subject to the provisions of the UCI regulations.

2. The paying agent may terminate the present contract, without notice or liability for damages, in the event of serious misconduct on the part of the rider or of the suspension of the rider under the terms of the UCI Regulations for the remaining duration of the present contract. Serious misconduct is considered to include refusal to ride cycle races, despite being repeatedly called on to do so by the paying agent.

3. Either party is entitled to terminate the present contract, without notice or liability, notably in case the rider is rendered permanently unable to exercise the occupation of professional cyclist.

**ARTICLE 10 – Defeasance**

Any clause agreed upon between the parties that runs counter to the terms of the model contract between a rider and a team and/or to the provisions of the UCI constitution or regulations and which would in any way restrict the rights of the rider is null and void.

**ARTICLE 11 – Arbitration**

Any dispute between the parties arising from the present contract must be submitted to arbitration and must not be brought before any court. It must be settled in accordance with the regulations of the UCI through the UCI arbitral board or, failing this, according to the regulations of the national federation to which the rider belongs or, failing this, the legislation governing this contract.
