30 JAN-01 FEB

Tests for technological fraud

The UCI carried out 390 bike checks during the 2026 Rabobank UCI Cyclo-cross World Championships, in Hulst (NED) on 30 January - 1 February 2026.

All the bikes that were tested complied with the UCI Regulations.

Throughout the event, the UCI implemented enhanced, non-intrusive inspection measures as part of its technological fraud controls, across all race categories, including targeted in-race checks at key moments and locations. In addition to the tablet controls, these non-intrusive inspection measures closely monitored bike changes, race incidents, and key locations in the race. No abnormalities were detected - reinforcing the integrity of competition from start to finish.
