## Competition Format and Rules

Formato e regras da competição / Format et règles de la compétition

### Olympic competition format

Cycling road at the Rio 2016 Olympic Games involves the following events for men and women:

- **Road race:** Following a mass start, riders cover a 38.1km point-to-point distance before the men complete four laps of 25km and the women complete two laps of 25km. Riders then cover a 26.1km point-to-point distance, before the men complete two laps of a 26.1km circuit and a third loop of 19.7km and the women complete one loop of 19.7km on the circuit. There is then a 4.3km point-to-point distance with the first rider to cross the finish line declared the winner. The men will cover a total distance of 240km, while the women will cover 138km.
- **Individual time trial:** Riders start at regular intervals, with men covering 54.5km (two laps) and women covering 29.8km (one lap). The rider with the fastest time is declared the winner.

The change or repair of a damaged bicycle is permitted but only by a team's own technicians from the team's car or in their pit. If a bicycle is damaged, the rider can still finish the race and be ranked if he/she crosses the finish line with the bicycle.

In the time trial, a rider who has been passed is not allowed to go into the slipstream of the faster rider.

### Differences between UCI World Championships and the Olympic Games

At the Union Cycliste Internationale (UCI) World Championships there are additional competitions (junior men and women, and U23 men). Qualification criteria and quotas for each NOC are different.

### Changes since the London 2012 Olympic Games

None.

### Sport rules and procedures

#### Tiebreak rules

In the road race, ties remain if riders cannot be split by a photo-finish.

In the time trials, in which times are measured to the one hundredth of a second, ties are not broken.

#### Penalties/disqualification rules

A rider may be disqualified, relegated (moved down the ranking) or penalised for any of the below infringements. There are, however, no time penalties for one-day races.

- Pushing or interfering (jersey pulling) with another rider, by hand or other means.
- Removing his/her obligatory helmet during a race.
- Providing non-regulation assistance to a rider of his/another team.
- Participating in a flying relay.
- Deviating from a selected lane in a sprint, endangering other riders.
- Intentionally taking a detour from the course which results in an advantage.
- Holding on to his/her team vehicle or other motor vehicles.

#### Protests/appeals

Decisions made by the Commissaries' Panel are final. Protests are not permitted.

---

### Equipment description

Bicycles must be no more than 185cm long and 50cm wide, and cannot weigh less than 6.8kg. Wheels have to be of uniform diameter, between 55cm and 70cm. The structure of the bicycle connecting the saddle, pedals and front fork must be triangular.

All parts of the bicycle (frame, brakes, handlebars, saddle) must be available to purchase and have to be approved by the sport's governing body, the UCI.
