Trials Mixed Team Competition

7.5.001 General

A trials mixed team competition shall be established in a dedicated section at the UCI trials world championships

7.5.002 Entries

The rider's participation for the trials national mixed competition must be done by the team manager at the rider's confirmation.
The maximum number of riders in a trials mixed team competition is 6, one per category:

- 1 Men Juniors 20"
- 1 Men Juniors 26"
- 1 Women Juniors

- 1 Men Elite 20”
- 1 Men Elite 26”
- 1 Women Elite

The minimum number of riders in a trials mixed team competition is 3. They must belong to different categories.

7.5.003 Starting procedure

The total number of UCI points a mixed team is obtained by adding the sum of each rider's individual UCI points. The total number of UCI points will determine the start order in the UCI Trials mixed Team competition. The mixed team with the lowest total UCI points will start first.

The start order of the riders in each mixed team is determined by each team manager.

The first rider to start the competition belongs to the mixed team with the lowest UCI points. The second rider is from the mixed team with the second lowest UCI points and so on. The same procedure applies for the remaining riders.

Riders ride the sections one by one and only once.

7.5.004 Section description

The section, which must be split in five sectors, has to be designed/built according to the UCI trials section building guide. Each sector is composed by different obstacles marked with four different levels (gates).

The length of a section must be between 30 to 50 m and it must be lineal or in a U-shape.

The five sectors of each section must be clearly defined by a cross-wise tape on the ground in order to identify each part.

Each sector must contain the four different levels (gates) indicated with coloured arrows. Riders will get a different score depending on the level (gate) they choose to ride.

Points scored with each level (gate)

- White gate: 10 points
- Blue gate: 20 points
- Red gate: 30 points
- Yellow gate: 40 points

7.5.006 Results

The points scored by each rider count as points for his mixed team’s overall score.

The winner is the mixed team with the highest score.

In case of tie, the mixed team that scored points riding on the highest level (gate) will break the tie.

BMX Freestyle Park

General Information

Population

Riyadh[a] is the capital and largest city of Saudi Arabia.[7] It is also the capital of the Riyadh Province and the centre of the Riyadh Governorate. Located on the eastern bank of Wadi Hanifa, the current form of the metropolis largely emerged in the 1950s as an offshoot of the 18th century walled town following the dismantling of its defensive fortifications.
It is the largest city on the Arabian Peninsula, and is situated in the center of the an-Nafud desert, on the eastern part of the Najd plateau. The city sits at an average of 600 meters (2,000 ft) above sea level,[8] and receives around 5 million tourists each year, making it the forty-ninth most visited city in the world and the 6th in the Middle East. Riyadh had a population of 7.0 million people in 2026, making it the most-populous city in Saudi Arabia, 3rd most populous in the Middle East, and the 38th most populous in Asia.[9]

Local Time

Time zone info for Riyadh UTC +3 Arabia Standard Time (AST)
Riyadh does not change between summer time and winter time.
The IANA time zone identifier for Riyadh is Asia/Riyadh.

Social and Business Hours

In Riyadh, Saudi Arabia, business and social activities typically follow a pattern influenced by Islamic observances and the workweek. The standard workweek is from Sunday to Thursday, with Friday and Saturday being the weekend. Businesses often operate with a midday break, especially during the hotter summer months. Office hours can vary but generally fall between 8:00 AM and 6:00 PM, with some businesses opening later and closing earlier, or having a split schedule. During Ramadan, business hours shift to accommodate fasting schedules, with later openings and potential afternoon breaks.

Safety

Riyadh is generally considered a safe city with a low crime rate. Strict laws and a strong security presence contribute to this perception. While petty crimes like pickpocketing can occur in crowded areas, they are not widespread.

Annex 1: Quota - BMX Freestyle

Introduction

Quota by nation for the 2026 UCI BMX Freestyle Park World Championships, which will be held during the 2026 UCI Urban Cycling World Championships in Riyadh, Saudi Arabia. The quota system will allow the most active nations in BMX Freestyle Park the ability to be well represented, while still giving all countries the ability to send a minimum of 1 rider in each category. This will also ensure that the number of entries will remain at a level that allows the event to be completed in the time available.

Qualification Ranking by Nation

6bis.11.006 A ranking by nation for Men Elite and Women Elite is drawn up for BMX Freestyle Park. The ranking by nation is calculated by summing the points of the two best placed riders for men and the two best placed riders for women from each nation in the UCI BMX Freestyle Individual Ranking. A rider's points are awarded to the nation of this nationality, even if he is a license holder of the federation of another country. Tied nations have their relative positions determined by the place of their best rider on the individual UCI BMX ranking.

6bis.10.004 Each national federation shall be entitled to enter 2 reserve riders in each category. The final deadline to change entered riders for reserve riders is the end of the riders' confirmation period defined within the official event schedule.

6bis.10.005 For the Park discipline (only), each national federation shall be permitted to enter a maximum number of riders in each category, as determined by the Ranking by Nation closest in time to the deadline published by the UCI for each such category for the World Championships of the year in question. The maximum quota available to each national federation defined by that quota for each category is found in the table below.

Park Quota

Quota places will be awarded for each category using the qualification ranking described here for that category, as follows: 06.10.2026

Park Quota by Nations

Following the UCI BMX Freestyle Park ranking of 6 October 2026, the Quota by Nation for both Categories will be added as per below. In case a country decides not to use it's entire quota, the quota is not reallocated.
