

UCI HOUR RECORD CHECKLIST

Applicable to:

Categories: Men Elite, Women Elite and Para-cycling

Before a rider can make an attempt, he/she must have fulfilled in the following criteria:

- ☐ 1. A rider must be included in the UCI Registered Testing Pool and provide accurate and up-to-date whereabouts information and must be subjected to anti-doping controls collected and analysed in accordance with Athlete Biological Passport programme as implemented by the UCI. If the rider is not in the Registered Testing Pool or does not have any Athlete Biological Passport, all the associated costs for testing the rider or any extra controls shall be borne by the rider. **Several months may be required to fulfil that requirement.**
- ☐ 2. The UCI Hour Record attempt must be authorized in writing in advance by the national federation of the rider(s). **This authorization must reach the UCI no later than four months prior to the attempt.**
- ☐ 3. Simultaneously, if the record attempt takes place in a country other than that of the National Federation of the rider, the host National Federation must formally support the attempt in writing (with copy to the UCI).
- ☐ 4. A specific time in a single date and the location (UCI homologated velodrome) must be agreed, in due time prior to any communication about the attempt, by all stakeholders to ensure that the attempt may happen under the best possible circumstances, especially with regard to policing services, timekeeping, commissaires and the drug test.
- ☐ 5. A doping control will be organised for the attempt in coordination with the International Testing Agency (ITA). The ITA may delegate onsite management to the National Anti-Doping Organisation (NADO) of the host country, but this arrangement must be exclusively approved by the ITA. For inquiries, please contact the ITA at cycling.testing@ita.sport.
- ☐ 6. An international UCI Commissaire is appointed by the UCI. The National Federation must be contacted to appoint two additional commissaires responsible for the manual timekeeping.
- ☐ 7. A **contract, that includes an Organisation Guide**, must be signed between the UCI, the organiser and/or the athlete to clear marketing and other rights as per article 3.5.002.
- ☐ 8. Live TV/streaming production is not compulsory for the attempt. If the rider wants to organise such production, he should contact the UCI as soon as possible to discuss production standards/requirements and related Electronic Media Rights.
- ☐ 9. Once the contract signed, a **press release** shall be jointly coordinated between the rider and the UCI for the first official communication.

- ☐ 10. The bicycle and other riding components shall be submitted to the Equipment Unit for approval no later than **15 days before the date of the attempt**. To submit information please use the link below: [Equipment Form](#)
