All measures set out in this document aim to ensure the continuity of the activities of the National Federations, the organisers, the teams and the riders in the best possible conditions of fairness and respect for the UCI Regulations while offering the necessary flexibility for everyone to get through the ongoing COVID-19 pandemic. Depending on the evolution of this situation, in particular the decisions of countries' government and in the event of the cancellation of some or a large number of events for the 2021 season, the rules and procedures presented below will be subject to amendments.
