JUDGING CRITERIA

The performance of each rider is judged on overall impression including, but not limited to :

- Difficulty (refers to not only the tricks performed but also the placement of the tricks within the course and the combinations used),
- Height (amplitude of the tricks performed),
- Flow,
- Originality (tricks and lines) and versatility,
- Style,
- Progression,
- Variety of tricks (refers to a good mix of standard airs, rotations, grinds, ...),
- Risk factor,
- Landings,
- Use of the course,
- Execution.

The overall composition of the runs is most important as the judges evaluate the sequences of tricks, the amount of risk in the routine, and how the rider uses the course. The judges take errors such as falls and stops into consideration.

- Riders eligibility

Rankings : www.uci.org

It is important that the 31-12-2019 UCI BMX Freestyle Park World Cup ranking is used to determine the Top 50 riders who are free to enter even if they do not currently have the 50 UCI points.

In case a Pre-Qualification Phase is held, the Top 50 riders in the latest overall UCI BMX Freestyle Park Individual Ranking who registered at least 3 weeks in advance shall be directly entered in the Qualification Phase. Such riders registered later than 3 weeks in advance shall be required to ride in the Pre-Qualification Phase.

In case a Park rider does not have 50 or more points his registration will be refused. In case a national federation does not presently have any riders with 50 or more points as of the ranking deadline for any particular event, that federation nevertheless has the right to enter a single rider for the category in question. In this case, it is up to the national federation to choose which rider is entered, if any.
