## Competition Format and Rules

Formato e regras da competição / Format et règles de la compétition

### Olympic competition format

BMX at the Rio 2016 Olympic Games comprises men's and women's events. The number of riders is limited to 48 (32 men and 16 women).

The Olympic BMX track is approximately 400 metres long and features high technical jumps, bumps and tightly-banked corners, along with occasional flat sections.

The men's and women's events start with a seeding run, in which each competitor rides the track once. The rider with the fastest time is seeded one, with the slowest seeded 32 for men and 16 for women.

After the seeding run, men contest quarterfinals, held over three runs, with points awarded according to places. In each of the four heats, a maximum of eight riders compete and, after three runs, the top four riders from each heat (those with the lowest score) advance to the semifinals.

The men's semifinals are also held over three runs, with the top four riders from each of the two heats (again those with the lowest score) advancing to the final. The final is contested over a single run.

The women advance directly from the seeding run to the semifinals (two heats, with three runs each) and then to the one-run final.

### Differences between the UCI world championships and the Olympic Games

The competition format at the Union Cycliste Internationale (UCI) BMX world championships is different and features more riders due to different NOC quotas.

There are also junior and challenge categories at the UCI BMX world championships.

### Changes since the London 2012 Olympic Games

The format for the men's quarterfinals has been changed from five runs to three runs. The progression system has changed to ensure more dynamic heats. The minimum age limit to compete at the Olympic Games has also been lowered from 19 to 18.

### Sport rules and procedures

#### Scoring system

A rider receives points equal to his/her finishing position for each run – the athlete in first place scores one point and so on, down to the eighth placed rider, who is awarded eight points. Four riders per heat with the lowest total points after three runs qualify for the next phase.

A rider who starts but does not complete a run will be marked as "DNF" (did not finish), and will receive a score equal to the number of riders who started the run. He/she will remain eligible to qualify.

Relegated (REL) rider(s) receive a score equal to the number of riders who started the run plus two points, and remain eligible to qualify.

A rider who does not start a run will be marked as "DNS" (did not start), and will receive a score equal to the number of riders in the start list for that run plus two. A rider will not be eligible to qualify for the next phase if he/she fails to start more than one run in the same phase.

## Starting order/gate selection order

Riders start the seeding run in the reverse order of their UCI BMX ranking (best ranked rider starting last), with an internal draw being held for riders that are tied in the ranking.

In the phases that follow, riders have the opportunity to pick a preferred gate. For the first run in the first elimination phase, the gate selection order will be determined by the seeding run. The gate selection order for all other runs will be determined by the times recorded in the previous run.

## Tiebreak rules

### Seeding run

- If two or more riders record the same time they will be ranked by reversing the order in which they started.
- If two or more riders are marked as DNF they will be ranked by reversing the order in which they started.
- If two or more riders are marked as DNS or DSQ (disqualified) they will be listed with no rank and sorted by reversing the order in which they started within their results mark.

### Quarterfinals and semifinals

- If a photo-finish cannot break the tie within a run, the riders will share the same rank.
- If two or more riders within the same heat have the same number of points after three runs, ties are broken by:
  1. Results scored in Run 3
  2. Results scored in Run 2
  3. Results scored in Run 1
  4. The gate selection order for Run 1

### Final

- If a photo-finish cannot break the tie, riders will share the same rank and be awarded the same medal (if applicable).

## Gate selection order

If two or more riders have the same time in the previous run, ties are broken by the ranking achieved in the seeding run.

If two or more riders have received a results mark in the previous run, the gate selection order is DNF, then REL then DNS.

If two or more riders have received the same results mark in the previous run, the gate selection order is decided by the ranking achieved in the seeding run.

## Penalties/disqualification rules

The president of the Commissaries' Panel may invoke any of the following penalties against a rider who commits an infraction of the rules:

1. An official warning – a rider may receive an official warning for certain types of misconduct (e.g. barging the start gate, misconduct in riding, cutting the track intentionally). The first warning carries no specific penalty, however a subsequent warning for the same, or any other offence during the competition will result in the rider's disqualification from the event.
2. Relegating a rider (by awarding additional penalty points).
3. Disqualifying a rider - a rider may be disqualified and thereby barred from further participation in the entire event. The rider will not be ranked in the event.

---

### **Protests/appeals**

Lodging an appeal against the score awarded to a rider is possible until 15 minutes after the results of a run are posted.

The decisions of the Commissaries' Panel are considered final. Protests will not be accepted.

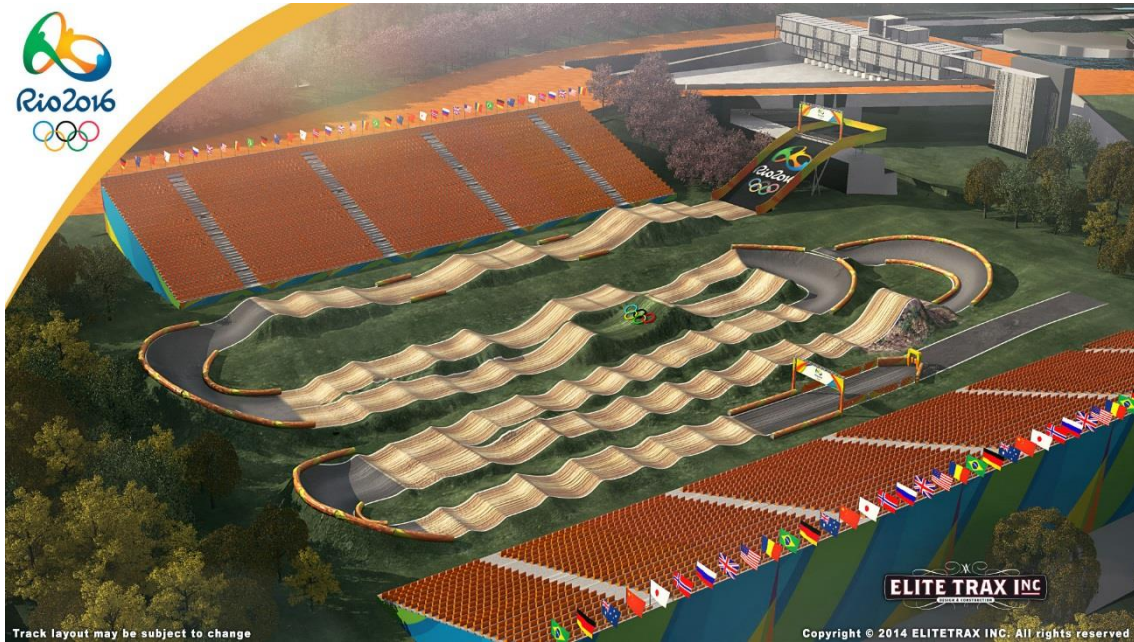

# COURSE MAP AND PROFILE CYCLING BMX

## Facts

Competition dates: 17-19 August 2016.

Designer: Tom RITZENTHALER (USA)

Length: 399m for men, 379m for women
