Why partner with Echelon?

We are committed to the broker channel.

Our products are sold exclusively through licensed insurance Brokers.

We believe that Canadian individuals and business owners receive the best coverage and service when they work with an experienced Broker.

We're growing steadily to better support your needs.

Echelon has been providing Property and Casualty insurance through our broker partners across Canada since 1998. Over the last two decades, we've evolved our products and expanded into new regions to better meet your needs.

Now, building on our deep expertise, we are focusing on delivering Specialty insurance solutions to fulfill the needs of underserved businesses and individuals across Canada.

We implement the latest technology to offer the best experiences.

We are leveraging the most advanced technology to digitize and streamline the way you do business with us.

Our resource centre, *Passport Portal*, connects directly to our policy management system to give you quick access to the information you need to get the job done!
