## MARTIN LUTHER KING, JR. DAY WITH CAMP!

Martin Luther King Jr. had a very important dream — and his dream changed the world!

He believed that everyone — of every background, and every skin color — should be treated equally. His vision inspired millions of people, and continues to motivate change today.

Dr. Martin Luther King's courageous struggle for equality made him one of our nation's most influential civil rights leaders. We honor his life and work on MLK Jr. Day — and every day!

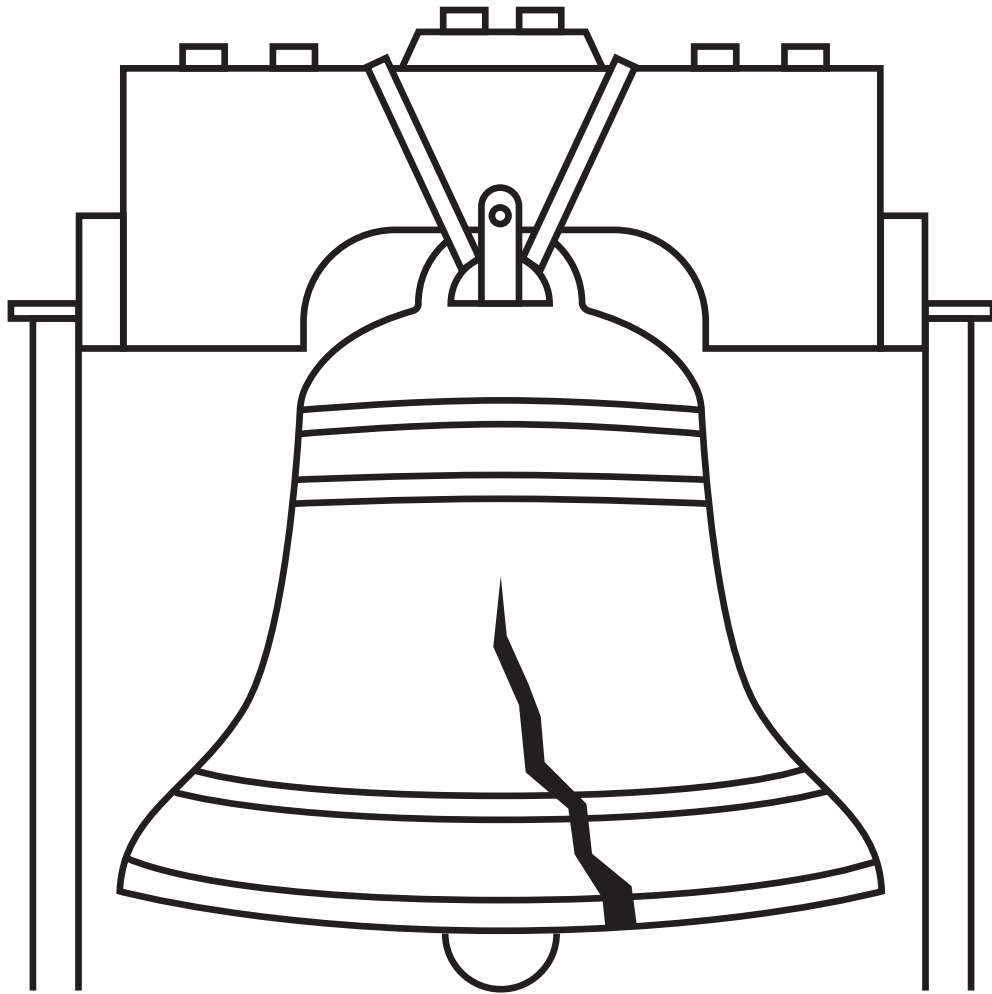

# MARTIN LUTHER KING, JR. AND THE LIBERTY BELL

The Liberty Bell in the city of Philadelphia is a symbol of freedom and independence — but as Dr. King said in his most famous speech, for a nation to be truly free, all its people must be treated equally.

In 1986, Dr. King's wife, Coretta Scott King, rang the Liberty Bell to begin an MLK Day tradition, honoring the ongoing struggle for freedom and social justice — and echoing the phrase in Dr. King's famous speech, "let freedom ring!"

What does freedom mean to you? Make your own version of the Liberty Bell, and let freedom ring! Find instructions for this craft on [CAMP.com](https://www.camp.com)!
