

Our Rates

Rate Disclosure for Savings and Spending Accounts

“Our Rates” sets forth current conditions and rates applicable to your savings and spending accounts at Credit Union 1. The Credit Union may offer other rates or amend the rates contained in this schedule from time to time. Each account holder agrees to the terms set forth on this Rate Disclosure and acknowledges that it is a part of the Member and Business Service Agreements. There is a \$5 share requirement for each member number that will be held in your Regular or Business Share account (S1/S2) for as long as the account is open. There are no opening deposit requirements for any of our savings or spending accounts.

Effective Date: 7/11/19

	Dividend Rate	Annual Percentage Yield	Minimum Required Balance (to earn dividends)
Regular/Business Share (S1) (S2) (S10)	0.10%	0.10%	\$10

Business Premium Spending (S81)	0.05%	0.05%	\$5,000
Business Super Saver Spending (S88)	–	–	–

Truth-In-Savings Disclosures

Except as specifically described, the following disclosures apply to all accounts:

1. Rate Information

The dividend rate and annual percentage yield (APY) on your savings and spending accounts are set forth on page 1. For all accounts, the dividend rate and APY may change at any time as determined by management. The Premium savings account is a tiered rate account. The dividend rate for a particular tier will apply to the entire account balance if the account balance is within the balance range for that tier. The dividend rates and APYs are the prospective rates as of the effective date shown on page 1. The APY is based on an assumption that dividends will remain on deposit for one full year for savings and spending accounts. A withdrawal of dividends will reduce earnings.

2. Nature of Dividends

Dividends are paid from current income and available earnings after required transfers to reserves at the end of a dividend period.

3. Compounding and Crediting

Dividends will be compounded and credited monthly. The dividend period begins on the first calendar day of the month and ends on the last calendar day of the month. Dividends are credited on the last day of each month.

4. Accrual of Dividends

Dividends will begin to accrue on the day you make the deposit to your account. For Premium savings and Business Premium spending accounts, accrued dividends will be paid up to the day the account is closed. For all other accounts, if you close your account before accrued dividends are credited, accrued dividends will not be paid.

5. Balance Information

The minimum balance required to earn the stated APY is set forth on page 1. If you do not maintain the minimum balance, you will not earn the stated APY. For Premium savings and for Business Premium spending accounts, dividends are calculated by using the daily balance method, which applies a daily periodic rate to the balance in the account at the end of each day where the end of day balance is equal to or greater than the minimum balance. For all other dividend-earning accounts, dividends are calculated by using the average daily balance

method, which applies a periodic rate to the average daily balance in the account for the period, if the average daily balance for the period is equal to or greater than the minimum balance. The average daily balance is calculated by adding the principal in the account at the end of each day, then dividing the total by the number of days in the period.

6. Account Limitations

For all accounts except spending accounts, no more than six preauthorized, automatic, or telephone transfers may be made from these accounts to another account of yours or to a third party in any month. If you exceed these limitations, your account may be assessed a service charge or be closed.

- For Dollar Dog accounts, the entire balance will be transferred to your Regular Share savings account on the last day of the month in which you turn 13.
- Secured account balances cannot be withdrawn until the credit union releases its security interest in funds on deposit.
