LETTER FROM THE PRESIDENT/CEO

James M. Wilton

Each summer, when the midnight sun returns, fish are running and folks are up mowing their lawns at 11pm, I'm reminded just how unique and unparalleled our state is. Alaskans choose to live here because it's a wild, exciting, gorgeous place to call home – and there's nowhere else quite like it.

Living at the edge of the world, Alaskans have also grown to be fiercely loyal. Our communities are close-knit, and someone is always there to lend a hand in times of need. In this newsletter, you'll read about a new way that Credit Union 1 is lending a hand across our state, via the #CU1LUV Community Fund. This fund is a lifeline for our fellow Alaskans, whether you live next door to a branch or over the next mountain range.

Lately, there's been talk of financial institutions that have expanded their service outside of Alaska. A few people have asked me about Credit Union 1's intentions, and my answer is simple: we are 100% Alaskan and always will be. Credit Union 1 is "state chartered," so you can rest assured that you have our full attention and care.

We choose Alaska, giant mosquitoes and all.

Thank you for choosing us!

MEMBER SPOTLIGHTS

Ida L.,

member since 1995

As a hardworking Certified Community Health Aide Practitioner and single mother in White Mountain, Alaska, I love that CU1 is very trustworthy and accurate. Last year, I needed a loan to purchase a snowmachine. I loved the simplicity of filling out my application online! I even had the opportunity to drive this machine from White Mountain to Kotzebue and back (which is 270ish miles through Koyuk, and I did it in one day). I'm proud that I got to make that trip.

When I first got this loan, I was irritated that I was required to purchase insurance for my machine. After a "fender bender," I'm happy that I had it. One phone call and the credit union had most of everything taken care of. Thank you CU1! I truly deeply love traveling in our amazing back country, and I can do this (when I'm not on-call) with my snowmachine.

member since 2008

Hello Everyone! My name is Christy and I'm originally from Unalakleet, Alaska, but I have been living in Nome. I

became a CU1 member in late 2008 after getting approved for my very first used car! It was a 1998 Ford Explorer, and I called it my beast because even though it was old, it still felt new. My husband and I also financed a 2011 Chevy Silverado, but because our family was growing, we upgraded to a "mommy car" – a 2013 Kia Sorento. Since then, I have never had any complaints. I was and still am truly amazed at how helpful and understanding CU1 is in the work they do for their members.

Community Fund

When an Alaskan nonprofit organization identifies an individual whose food, shelter or health is at risk, they can apply for assistance from the #CU1LUV Community Fund to help change that person's life.

For every consumer loan you finance with us, we'll donate \$1 to this fund.

For every real estate loan, we'll donate \$10.

When you finance a CU1 loan toward your own life goals, you're making a much larger impact on the lives of those around you. Thank you! That's #CU1LUV at work, and we're grateful for your support.

— THANK YOU —

VERY MUCH

I'm 41 years old, and I was recently diagnosed with acute myeloid leukemia. I have a wife and 4 children who depend on me financially; however, I'm now unable to work. My family and I have been driving from Wasilla to Anchorage for my medical services 3x per week because I'm too acute to utilize services in Wasilla, but the fuel costs are adding up. Providence Health Services applied for assistance on our behalf via the #CU1LUV Community Fund, and with this support, we can now afford the gas needed to get me to my treatment appointments. Thank you!
