## Important Information for Starting Your New Account

To help the government fight the funding of terrorism and money laundering activities, the U.S.A. Patriot Act requires all financial institutions to obtain, verify and record information that identifies each person who starts and account. What this means for you: When you start an account, **we will ask for your name, physical address, date of birth, taxpayer identification number, and other information that will allow us to identify you.** We may also ask to see your driver's license or other identifying documents. We will let you know what additional information is required.
