

Landers Connect is Lander & Rogers' secure cloud-based client collaboration platform.

Share sensitive information instantly with industry-leading secure technology powered by HighQ.

Matter management

Centralise key matter information and collaborate from one place for complete visibility of your active legal matters with live status updates.

Document management

Collaborate, exchange and share key documents securely from anywhere with simple drag and drop upload and seamless document download capabilities.

Portfolio management

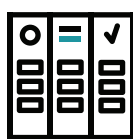

Collaborate and communicate on matters and projects easily with external lawyers and providers – ensuring certainty and transparency.

LANDERS CONNECT FEATURES

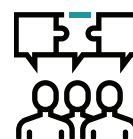

VISUALISE

Quickly surface real-time insight in engaging charts, graphs and dashboards

MANAGE

Plan and deliver work more efficiently with agile task-based project management tools

COLLABORATE

Send fewer emails with social collaboration tools that improve communication

INFORM

Capture, manage and share legal knowledge and insight to drive better decision-making

NOTIFY

Automate tasks and notifications to ensure all stakeholders are kept informed

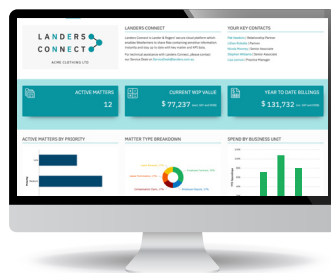

ANALYZE

Track performance and operational data to validate KPIs and make informed decisions

Landers Connect uses HighQ, the most secure work platform available

- Follows NIST SP800-63b guidelines
- Delivers highly available 99.9% uptime
- Meets regulatory compliance standards
- Offers banking-grade encryption
- Enables two-step authentication
- Features single-jurisdiction hosting
- Achieves FIPS 140-2 Level 1 for EKM
- 24-7 monitoring by our platform provider

Landers Connect is a secure cloud-based platform that is fully audited and accredited to meet information security standards. HighQ is ISO27001 certified, which ensures the controls and processes are in place to protect your data. There are robust security measures including disaster recovery, data back-up and a fully redundant infrastructure to guarantee uptime. It is a single-tenancy hosting and we can set any further restrictions by enabling the Two-Factor authentication, IP address restriction and site level passwords.

If you would like to learn more about how Landers Connect can optimise the way your legal department operates, please contact Michelle Grossmann.
